ACKNOWLEDGEMENTS

I am extremely grateful to **Shri Neepesh Chandra Talukdar, IAS (Retd.), retired Member of Posts and Telegraphs Board, New Delhi, India** for contributing a foreword, which lands distinction to my humble work. Also to **Mother, Mahasveta Devi**, eminent writer and recipient of **Jnanpith Award & Raman Megasaysay Award** for contributing a forward for wide circulation of this **Book** especially to the society of young generation. I would also like to thank the editors for their enthusiastic support throughout the preparation of this book especially **late A. B. Bhattacharya**, A/43, C. R. Park, New Delhi -110019.

FOREWORD/PREFACE

“By all accounts it has to be admitted that the book is a brave attempt to portray the malaise which in the land of Vivekananda and Gandhi, has gripped not merely the administrative machinery but the society as well. The author has given instances galore why his soul feels so tormented. Also laudable is his compassion for the silver haired and passion for providing hours for the elderly. However, the task of fulfilling this onerous task could be a daunting one since the Government, as also countrymen have not still realized the gravity of the problem—more so because the population of those who are 80 years or more belong to the fastest growing sector. Curiously, the book is titled “**Evolution of Human Beings and Society**” which would have interested the Darwinians and Socialists since the book does not appear to discuss this aspect. However, it may be said en passant that it is believed that for 1000 million years, the earth had no life and man appeared on the scene still millions of years later after the apes, the monkeys and there likes appeared on the stage. The book is an outpouring of a disillusioned heart. How I wish that more Indians like **S Bhattacharya** could feel the pangs of the deprived and could raise their voices against the arrogance of the administration and the apathy of the Society. What is no less disturbing is his sad and unhappy relation with some members of his family which has added fuel to his agony.” **Neepesh Chandra Talukdar, IAS (Retd.), retired Member of Posts and Telegraphs Board, Government of India. New Delhi.**

INTRODUCTION

This Book is a true story of a senior citizen, (**Sukumar Banerjee**) in short “**SB**” who unluckily has come back to Kolkata after 40 years to stay permanently in his original Parental House. His return, instead of bringing joys, has caused miseries, which are caused to systems and cultures so far developed in the society. He felt sorry to see the working systems in all Government departments influenced by political parties’ dictatorship. The atmosphere is vitiated and is poisoning people like opium in the way of raising slogans, holding of processions, staging of strikes etc. which are destroying human relations mentally, physically, religiously and also economically, thereby preventing all constructive works designed for development of the state and country as a whole. His ambition is to fulfill his respected father’s vision, construction of **BRIDHYASHRAM (Old-Age-Home)** for giving succour to senior citizens, those who are living in isolation left by their near and dear ones. Parents bring up their children with high hope and expectation that they would look after them in their old age and give them relief, in obedience to their duties and responsibilities and on humanitarian grounds. The situation has deteriorated so much so that the children do not even care to enquire about their parents’ welfare. The social structure has become so nauseating that in families below poverty line, in the course of their wife’s failure to get money from their parents’ house, wife is not spared from physical torture. **SB** finds that the senior citizens are turning into a fast growing **APARTHIED** in the society. The situation, as described above highlights the

urgent need of setting up some **Old-Age-Homes/ (BRIDHYASHRAMS)** in various parts of the country. It would be worthwhile to mention here that our Honourable Prime Minister has been gracious enough to announce in the year 2013 that the Government would look after senior citizens of the country. Establishment of **BRIDHYASHRAMS (Old-Age-Homes)** will be a philanthropic step in this direction. But the democratic systems in our country run by liaise fare with the power of fundamental rights to boost up the growth of profits of Industrialists and business communities will make the laughing stock announcement of looking after the senior citizens by Prime Minister. Now the Government is thinking to amend the RTI Act to crash the peoples' voice against corruptions. Present central Government is trying to unite with the various numbers of States Governments administered by corrupted/criminal leaders of political parties.

There was a message, from educationist and great orator, Bipin Chandra Pal, which is published by the Editor of 'Statesman' on 22 May 1932 that "Democracies are notoriously ungrateful. They use man to the utmost limit for their physical and mental power and discard them and throw them on the scrapheap". This message is true to the knowledge of every politically educated person who understood that the present so-called democracies have become weapons for some group of KING-PARTIES as dictator to rule this democratic country in the shape of Anarchism and Nepotism same as British Colonial Autocracy.

PART - I

**SB'S LEARNING FROM VARIOUS BOOKS OF
GREAT PHILOSOPHERS**

1. **“The History of Dialectical Materialism”** written by **Dr. Che-Guevara** : This book reveals the evolution of human beings and society. When this earth has become cool and living life is being formed in amoeba, a single living cell in water and thereafter million and million years of changes/ alienation from a single cell to various living creatures like fishes, birds, animals, etc. later on further evolution and alienation from the above creatures and animals, human beings are arrived.

The further regeneration of intellectual human beings happened, when a man and a woman get together with heart and soul made an incident of accidental life product in chemical form in the womb of woman and take shape of human being who comes out after normal period of 9 or 10 months in the earth as rational animal. Human beings are rational animals having rationality and animality, whereas animal possesses only animality. From this, we can understand our origin in the earth due to our father and mother and they are to be worshiped as our nearest God. Scientist, **Darwin** & economist/social analyst, **Karl Marx** believes, human beings by their intellect make the evolution of human beings and their society but not by God. **Mahatma Gandhi** said, “God/Ishwar/Allah Tero Naam Sabko Sanmati De Bhagwan”. **Sri Ramkrishna Paramahanshadev**

names. This God, 'Ishwar', Allah in different names and different religion created by human beings who attained super power, really exists in the human brain and mind. In our Hindu 'Shastras' this super power has been given different form of images for different power. 'Vishnu' is the 'Supreme Power, creator' of entire 'Brahmanda' i.e. 'Universe' and thereafter 'Vishnu' created number of Gods and Goddesses like 'Brahma', 'Shiva', 'Maa Durga', 'Maa Kali' etc with different powers on different times and in different places. And thereafter incarnation of all these Gods and Goddesses appeared in this earth with Super Power by their **Works, Prayers, Dhyanas, Yogas, etc.** like **Sri Rama, Sri Krishna, Sri Gadadhar (Saint Ramkrishna Paramahanshadev), Sri Guru Nanak, Sri Goutam Buddha, Sri Mahavir/Parashnath** and many other saints in Hindu religion, Jesus in Christian religion, Hazarath Mohamed in Islam religion, etc.

2. "Bharat Darshan" by **Swami Vivekananda** is a big volume of philosophy on the evolution of human beings and society but unfortunately, it is now out of publication. Ramkrishna Mission has published a new book, which comprises of 10 volumes of **Swami Vivekananda's** works. We all are aware that our own Indian Hindu Culture, which Saint Sri Ramkrishna Paramhanshadev has revived, and Sri Swami Vivekananda's work has become a commercial product under the control of foreign countries for earning profit. Possessing the works of our great philosophers and saints, the World Kings of

through which they earn money investing their capital and pick up all selected intellectuals from our country. If they do not get predominance entry in the business fields of our country, they will increase their sanctions to our neighbouring countries to create disturbances in our border area.

In **'Bharat Darshan'**, **Swami Vivekananda** explained that the administration of a human society is run by a leader/master on the basis of division of labours of different works namely:

(A) The tasks of **'Saints/Fathers/Brahmins/Gurus/Moulabis'** are to impart teachings of **'gnyana' (Knowledge)** to all. These **Saints/Fathers/'Brahmins'/'Gurus'/'Moulabis'** were the first ruler in the society when people were completely dependent on nature and were still trying to rule the society by their **Religious Fundamentalists** as God's Representatives. In ancient times devotees worshipped **God/'Ishwar'/'Bhagwan'/'Allah'** as per the advice of **"Saints/Fathers/Brahmins/Gurus/Moulabis"** to keep control of all natural calamities and to extract all needs from natural resources in land region and in water region. Therefore the ruling classes like **Saints/Father/"Brahmins/Gurus/ Moulabis/Kings/Samrats/Badshahs/ Jamindars"** and there after **Political Parties/Business Communities/Industrialists, etc.** are utilizing all religious rules, norms, and methodology as instruments/weapons which working as opium to make all human beings as God-fearing creatures. In addition, all these Religious Fundamentalism created active enmity between one of religions with other

religious philosophy in Education to develop the human mind and knowledge to keep people away from evil works. Spiritual gurus through their spiritual powers achieved through 'Yogas', 'Dhyanas', and meditations create all the images of Gods and Goddesses. All crazy people observe the worship of all those Gods and Goddesses universally in general on the Road or in the Park. Due to this crazy entertainment, people are indulging:

(1) Pollution in the atmosphere;

(2) Wastage of electrical consumption;

(3) Indiscipline crazy entertainment is the main cause of impediment of constructive works due to loss of man-hours.

Government should stop these sorts of universal worship of all Gods and Goddesses created by human beings. In addition, worship holidays should be limited for only one day.

(B) 'Khatriyas'/Warriors whose works are to protect the country and all human beings from enemies. Slowly it is observed that these '**Khatriyas**' have become the rulers as **King** in any society.

(C) 'Baishyas'/Businessmen, whose responsibility is to provide things through barter system and/or money media for human beings in the society? Systematically these '**Baishyas**/' **Businessmen** started controlling the entire economy and trying to capture the ruling power through their representatives as political parties to become richer over the poorer from 'Shudras', Schedule Castes and working classes.

(D) 'Shudras'/Workers are the ones who perform all various works like cleanliness and other various activities/works for all

said God/‘Ishwar’/‘Allah’ are same as Water/Jal/Pani, etc., these are only the change of human beings in the society. These ‘**Shudras**’/‘**Workers**’ are becoming poorer; they may revolt for making ‘**Proletariat Dictatorship**’ to rule the Society. **All these four divisions of labours are categorised as ‘Caste’.** According to **Swami Vivekananda**, these four divisions of labours, rule the society in cyclic order. Presently the ‘**Baishyas**’/‘**Businessmen**’ are financially rich in the capitalistic form of society, competent to utilise all the resources of the earth in a competitive way in qualitative and quantitative pattern, and rule the society. When the resources will be exhausted, rich will become richer and all other castes will become poorer. In addition, they will revolt and will capture the society for making a society under **Proletariat Dictatorship**. Other teachings of **Swami Vivekananda** from eight volumes of complete works – “**Yoga,**” which he explains through one symbol/logo of Ramkrishna Mission consisting of : (i) ‘**Sun**’ shining as ‘**Gnyan Yoga**’, (ii) ‘**Kundalini**’ of Snake as ‘**Bhakti Yoga**’, (iii) ‘**Wave**’-as ‘**Karma Yoga**’, (iv) ‘**Lotus on which a duck has ta**’ **r**’.

Swami Vivekananda said that in any Yoga human beings could achieve the '**Moukshya**'. **SB** has chosen '**Karma Yoga**' but shifting in Kolkata permanently, he has become invalid and a worst victim of '**Extreme Self-Motivation**' developed in the society under the control of political parties' dictatorship. In this present scenario, people have lost their morality, honesty and humanity for the sake of achieving monetary gain by any means with unfair way.

If people study any of the religious books written by any and/or every '**guru**', '**saint**', '**moulabi**', etc. they would find that there are messages for people to live in peace with human considerations. However, many people with vested-interests who can be named as religious fundamentalists changed the application method in order to keep their dictatorship, and thus rule the society and keep it under their control.

SB finds that the women culture has changed. Women do not believe in '**Sanatan Dharma**' when they become self-sufficient. They do not foresee the respect they get in '**Sanatan Dharma**'. Children do not believe in the administration of their parents when they become adult and they are capable of managing themselves. **Sanatan Dharma** comes into existence in the society with both man and woman and extreme self-motivation will lead to separation and tensions in the rest of the life.

3. "Red Book" written by **Mao Tse Tung** is now banned everywhere in the entire world. This book says, "The Power comes from a barrel of a Gun". In India, the Naxalite, the Originator, **CM**, adopted to destroy the present state of affairs controlled by

Bourgeon is through destruction. The thinking of grasping others' belongings by force and cheating method has developed in the minds of 99 per cent of the people as they do not have any kind of national feeling. Another aspect in the “**Red Book**” is ‘**Cultural Revolution**’ to make successful communistic pattern of society. Cultural Revolution is required for controlling demand of individual requirements as well as of the society by way of heavy publicity or by law.

4. (a) Now **SB** feels that it is high time to see that the society is administered by elected people in blocks, wards, ‘parishads’ and districts. Political parties to unite people under one shed of certain manifests/philosophy to make people to live in peace and prosperity.

(b) **SB**'s findings: Hardly 1 per cent of the political leaders are honestly thinking for the state and for the country. Some of the parties are billionaire by collecting money from people, business persons, and industrialists and by force on any occasion. They never follow the Government's circular that receipts and payments more than Rs. 20,000/- should be by cheque.

(c) **SB** feels that these unaccounted sources of income within the control of some leaders of all political parties would bring the Indian economy in a disastrous position if not controlled immediately. Moreover, the entire accounting system should be under scrutiny as per the Income Tax Law and it publishes publicly.

(d) Government must have arrangement with all foreign bank authorities to know the total deposits of all Indians in all foreign Banks, which they are utilizing in investments for earning profit.

(e) Government by law should make one constitution to elect, to employ and to select proper competent leaders on yearly basis for the maintenance of the day-to-day affairs with scheduled rights and powers for all human beings in blocks and in districts as well. **SB** assures that by this self-government system in blocks and districts where some power crazy groups creating terrorism to capture the present Government machineries to rule the society under their control and their demand for separate state for their own development could be set right with peace and in humanitarian grounds.

(f) Reservation should be limited to OBC's and women only. OBC should include all castes and minorities. However, all these reservations to be selected from two categories of the people i.e. 70 per cent of sons of the soil and 30 per cent of the other people.

(g) Any kind of organisation is generally be administered by the Memorandum and Articles of Association. However, our Government administers the country through the constitution and by law. It is definitely advisable that the Assembly House and Parliament House should learn to maintain discipline and peaceful atmosphere in the meetings. On a smaller scale in any emergency services, there should not be any union by the

hooliganism with the intention to stop the work and get full salary without doing any work.

(h) As usual most of the employees do not work for 8 hours. They kill the time by playing cards in the computer, and or reading newspapers, or gathering in canteen or elsewhere for many types of discussions. These sorts of activities are visible in many of the Government offices. And if Government adopts private companies' system of granting employees' increments, bonus, incentive/exgratia, promotion, etc. as per the parameter of their performance as recorded in the daily disposal report signed by employees and counter signature by the superiors with remarks. Then only efficiency in the Government Departments could be restored.

(i) When country's partition took place due to religious fundamentalism and partition/migration caused huge loss of innumerable lives and many people migrated leaving their properties in order to save their lives by taking shelter in relief and rehabilitation camps in other places. In addition, even after partition and fencing of the Line of Control by Pakistan, Bangladesh and India, the influx of minorities from Pakistan and Bangladesh has never stopped. Some of our political parties have taken this influx as human assets for their vote bank to get 2/3rd majority in the general election and to keep the party's dictatorship intact in the society. The migrants in India from other neighbouring countries treat as second category of citizens without giving voting right.

(j) Everyone should approach the elected Nagarik Committee for the matter of sponsoring their appeal or petition to any Government Department and to the Judicial Department for avoiding delays, harassments, and moneytory losses instead of submitting them through the agents, brokers, counsellors, solicitors. All these agent brokers, counsellors, solicitors should be appointed by the Nagarik Committee.

(k) In the Constitution, Nagarik Committee should collect fees directly as per the merit of the appeal from the people for giving required services for the settlement of concerned Peoples' appeal. Nagarik Committee will deposit all these fees in the local banks and should be accounted on daily basis and audited quarterly. For the election of Leader/Head, application or nomination paper mentioning full particulars of the applicant/candidate and his knowledge of political, legal, administrative system to be ensured with detailed declaration and oath of the appropriate leaders and not by any recommendations from any political party.

(l) The state of West Bengal needs a competent and dynamic leader like Dr. B. C. Roy who could influence the Centre to promote the state's welfare. Government should be careful being the representative of major political party having maximum number of MPs to eliminate domination tendency by outside state leaders whose intentions are to destroy our economy. Here Constitution should be the supreme but not the party. By this local self-government systems, we can

maintain peace without interference of police, slogans, processions, indiscipline attitude in the society.

(m) By the local self-government system, people can build up their own '**SENA BAHINI**' on pay rolls block/ward-wise under the control of the Centre. Employees need trade unions in any industry/business organisation under the control of local self-government for the control of maximum profit earning motive. This '**SENA BAHINI**' should be engaged in industry/business organisation as 'Trainee' to keep control of emergency services if any one goes for strike or lockout position.

(n) The elected Nagarik Committee should try to construct one development centre, one medical centre and one educational institution in every block to give compulsory education classes to all children and medical facility to all. The State Government should arrange finance taking the help from the Millionaires/Billionaires.

(o) Medical centre in every block must have reservation facility to all hospitals for emergency admission for BPL category people and for senior citizens with 50% discount in all treatments such as operation, all laboratory tests, medicines, etc. Presently medicines' costs increased almost double due to increase of commission to doctors by distributors for prescribing their medicines for long period. **SB** has become the worst victim while treatment under the doctors of one private hospital near Jadavpur T.B. Hospital and under any specialists attending any medical shops in any nursing

home with high rate visit charge. Earlier all doctors used to prescribe for five days or ten days for normal diseases of respiratory system, stomach, skin, etc. Now they prescribe for one month to three months listing medicines of high rated new products, which are not available in hospital's medicine shop, and patient has to buy from outside market @ **MRP**. There after distributors will make a call to patient from where he has purchased those medicines or will visit patient house to check those medicine before paying doctor's commission. In every prescription doctor will prescribe for various laboratory tests, which at all not required and will advise to conduct the tests in their scheduled laboratory from where they get another commission.

(p) Any person who intends to live in the society on ownership basis or on rental basis should approach the Nagarik Committee first to register his name so that he can live in peace.

(q) This local self-government can even help the State Government and the Central Government by passing on various statistics of economical growth in the society including any fraudulent transactions by few people to accumulate unaccounted sources of income which creates imbalance in the economic structure. If the Government makes one exclusive confidential Investigation Cell under the control of **CM** of the State, he/she can find all irregularities in all departments functioning under the Home Ministry, Finance

Ministry, and other departments.

(r) Huge turnover under the control of Transport Ministerial Departments for issuing licenses to all private bus owners, taxi owners and auto owners should be withdrawn for making all those transports under Government control to make the city pollution free and which, ensures smooth journey for the people.

(s) Another huge turnover under the control of Abasan Ministerial Department through whom so called Business Community is looting public money for giving flats on extraordinary high rates in West Bengal. **SB** himself witnessed one offered place in ... where vacant land fenced by M/s ... with offer price of Rs. 1600/- per sq. ft. approximately was so high on built up area but actual carpet area will be less by 25 percent then the actual price will become Rs. 2000/- approximately. Almost all Real Estate Companies have partnership with the earlier Government controlled by Party-King, Dictator. After ruling for more than three long decades continuously the said Party-King could not arrange to own a Real Estate Construction Company to provide affordable residential units to **LIG**, **MIG** and **HIG** people as per their capacity.

(t) All departments have syndicate between all staff members to collect extra money in cash for clearing any matter, disputes and sanction. **SB** himself had to pay huge money in cash directly and/or through agents to the following Departments :

(1) Kolkata Municipal Corporation, people named **Chorporation**

(2) **BLRO** for mutation

(3) Police station for executing court orders I.O/S.I./A.S.I collects 'Kharcha-Pani' in cash from both the parties complainant and opponent directly and/or through advocate, agent, broker, acting counselling but charge-sheet would be in favour of who pays more money with the consent of the Officer-In-Charge. All hawkers have to pay to police to keep their occupied place for installing temporary shops and/or making sale of product on trolley on the roadside.

(u) To build up any industry/project one requires capital, machinery, technical expertise and man power but for the destruction, only ego and man power is required.

(v) When a state runs through anarchism under the control of political party's dictatorship, people should unite and declare indefinite strike till president's rule is imposed for fresh election from block to district level for forming a new Government including self local Government.

5. According to comrade Lenin, to make strong position, a Party should merge with other nearest strong opposition groups to become self-sufficient physically, economically, politically and in all respects instead of attacking that strong opposition groups as imperialist. Parties should learn from China that before making the society under proletariat dictatorship, it should first become capitalist and this is the cyclic order as per Swami Vivekananda. In addition, there is

another chapter of Comrade Lenin's works, according to which parties should make self-criticism for their mistakes in the process of struggle.

6. Judicial Department : Mostly all junior or senior advocates collect their fees in cash from clients but decline to give any receipt for the same and then think of their I.T. Return. By law, they should maintain a register for taking any amount of fee from the clients mentioning the case details, names and addresses of clients. Stamp vendors charge more cash than the tender value from the purchaser other than advocates. Unauthorised vendors are charging more than the authorised vendors. By law, they also should maintain a register for issuing stamps and other judicial papers mentioning price and details of stamps along with the customers' signatures. The judges' judgments differ on cash settlement and/or as per advice of Party Leaders who could achieve dictatorial power from 75% members support in Law Board. SB has got judgement order dismissing the Case for non submission of documentary evidences which is untruthful and challenged in State Commission in hanging position. All subordinate staffs of any court collect cash for allowing the files to be read and giving Xerox of any report of any petitioner party. Everywhere unaccounted source of income has created imbalance in the economy. Government must bring some amendments of Criminal Procedure Code and the Civil Procedure Code to give justice to the bona fide complainant in limited time-period

instead of hanging around for unlimited years without justice and/or to give some relief for survival when some cases are prolonging for long period. Some times when there are intense arguments between the advocate and the judge on any particular case for not arranging any hearing date for more than two/three years and some cases judge gives next attendance date after eight months. In Consumer Disputes Redressal Forum, any case normally takes six to seven hearings but due to mal-practices of advocates, namely, resort to absenteeism, non-submission of requisite documents or statements, the case continues for more than a year so that the advocates on both the sides can claim their attendance fees. Everywhere you will find sign of anarchism. Indian Democratic Government is following British established law and as and when required Government forced Judicial Authority to amend the law in their favour because they are paid by the Government. And even at the time of final judgment Judge receive call from higher authority to change the judgment in favour of opponent party.

7. Price Index : If Government accepts production under 'liaise-fare' system, distribution and price should be under Government control. This we can execute through elected Nagarik Committee by law as per statistical data of demand and supply ratio. Every product should be on **MRP** rate chart basis and we should not allow millionaire/billionaire companies to procure any product directly from the farmers and

manufacturers to create artificial shortage in the market due to monopoly tendency. Value of money depends on circulation of money. We should avoid keeping surplus hard cash in house as dead assets, instead we should invest in the money market or deposit in the banks as fixed deposits. We can achieve maximum profit through maximum volume of sales by reducing sale price slightly to increase the demand for the increase of purchasing capacity. Profit margin should not be more than 10 per cent to the producers and to the wholesalers and retailers while calculating **MRP** of any industrial products. In addition, maximum 100 percent for agricultural products produced only once in a year by farmers but wholesalers or retailers should not claim more than 10 per cent.

We all are aware that natural resources are limited and almost more than 80 per cent within our reach already extracted and processed for human consumption through industrial and technical support. However, population increases very rapidly, therefore, difference between demand and supply increases immensely. **SB** feels processing cost should remain stand still like in China, who adopted controlling method of human demand as per “**RED BOOK**”. Their personal cost is very low than ours. Our personal cost increases every moment on demand from trade union and political parties. When they do strike and shout slogan resulting in loss of man works and further increase of price of all essential commodities as well.

Over and above moneylenders, keep money in advance with the farmers to collect immediately when the farmers cut off the agricultural products and hand over to the lender in lower price and lender sells to wholesaler in 'mandis' or in go-downs with maximum profit. There after the wholesaler manipulates by hoarding in secret and creates artificial shortage for increasing the price when the demand increases. If Government enforces through Sales Tax and Income Tax Department to investigate all 'mandis' and go-downs and all wholesalers' offices and residences, they can get the key of controlling Price Index.

SB feels increase of price index arises due to **Liaise Fare System** and introduction of **“Globalization”** with no control and unlimited democratic right. All industrialists, business people, professionals are in a warpath to make maximum profit with no limit. General people are also in the same run to make money by cheating, looting, forgetting honesty and humanity. Due to this globalization, all Government Departments are very badly affected by the influence of huge money inflow under the table from business communities and general people for getting immediate license, permit, etc., and in addition political parties are putting pressure to the Government through their respective unions for the increase of basic salary of employees to capture their votes. Government may also fulfil their demands by increasing the supply of money through extra printing of notes.

There should be immediate ordinance that basic rate should

not be changed from the fixed rate as per the category. Only D.A. as per the monthly average changes in Price Index would affect in the monthly pay, which should be either way if price index goes down. From profit, employees are entitled to get production bonus, exgratia, incentives, etc. for their extra ordinary individual contribution in the organizations, institutions and all establishments. Another ordinance is also required removing all unions from all emergency services provided by companies, organizations, institutions etc. under the control of Government and/or private. Special Tribunal will settle all disputes/demands of all employees in stipulated time. Employees should not cease their work by using their power of strike or 'work to rule' systems. Severe punishment may impose increasing their pay under the control of Military Governance. In this ordinance, following categories of services are to be included in emergency service categories namely food, water, electricity, health, education, conveyance, transportation on land, sky and in water; telecommunications and all bank operating systems.

No democratic right will be entertained to stop these emergency services. In the Military Governance, we require experienced personnel to handle all the Departments of Emergency Services, and for which we will make mass recruitments from all district level considering reservation only from OBC and women on merit. And thereafter from general categories for training in the respective departments as a post of 'Trainee' on temporary basis with a fixed monthly allowance according to their qualification,

experience and capability. In future, they will be absorbed in the department as and when required, permanently under the control of Military Governance. By this, consistency in economical growth will remain as it is. We must know that the economical theories written by all Nobel Laureates and highly qualified experts' opinions are only applicable in developed countries but not for developing country like ours. To keep the industrial and economical growth in upward position, Government should impose 20% infrastructure development tax on net profit quarterly basis from all establishments and all individual millionaires/billionaires under Government control or private control for development of basic amenities in the societies and uninterrupted emergency services mentioned above for all people in block level to district level. And if **liaise-fare system and globalization** with no control will make **60 % BPL & APL categories of people's** condition in calamitous position.

How our billionaires are donating billions of rupees in other developed countries for their research and development instead why they should not donate in their own country. To develop their generosity 20% tax should be imposed and new license for new industry their investment should include research centre, own power plant and other infrastructures for employees' developments. Country's 80% people are living in village side and 20% in city area. Industrial and business growth in city creates jobs and village people are rushing in city.

Whereas through local **Self-government System** we can set up agricultural based Small Scale Industries and job oriented business development if our Government adopt Micro Finance System of Nobel Laureate, **Dr. Mohd. Yunus**, we can create jobs for all village people instead of providing 100 days' jobs for few people. It is deception by disguise to the village poor people. However, we must be careful to select proper executive elected members.

Before choosing any one for a position for promotion, we should obtain bond and affidavit from every one which will be the profile and guarantee of individual to maintain clear and clean services for people of the block/ward in the district. We know that 99% people in the present society are vitiated directly or indirectly for own personal extra gain. Land Acquisition Act for new industries and our own infrastructure projects like road, light, water and other various projects required to be changed in such a way, that Government need not spend from existing budget fund.

First : Land acquisition for new industry :

1. Industrialist should be prepared to pay land price as per landowner's demand,
2. Rehabilitation of landowner's family including service to the capable members of the family,
3. Infrastructure development cost to be reimbursed to the Government in advance immediately after registration.

Second : Development Project :

Government should arrange contractor on joint venture agreement @ 50/50 ratio. Revenue earned from the project will be shared 55/45 ratio. 55% for Government and 45% for contractor for 10 years terms then the entire project automatically will remain with Government only.

We all are aware that if we do not give preoccupation of business communities and industrialists of World King in our country on globalization system, we will not be able to keep our economical and industrial growth intact and lack of growth will affect the Price Index immensely. However, we should invite them on 40% to 49% **FDI** right only without violating our fundamental and human right. If we allow them more than 50% investment right, then our country's economy will be under their control. Government may try to reduce corruption within members of parliament and assembly by increasing their pay scale, instead **SB** feels there should be pension scheme if any member completing minimum 5 years terms or alternatively social service according to individual capacity on payroll and if senior citizen, should provide "**Old-age-home**" under Government control.

If we keep on increasing only Government employees' pay scale, then what about rest of people from more than 126 crores people of this country. How we will control Price Index?

Government should try to revive all closed industries under the control of **BIFR** and by taking the help of old employees as Coparcener with profit sharing ratio.

At the end, **SB** feels that when there is a Minimum Wages Act, then why we should not introduce Maximum Wages Act to make limit of reasonable maximum salary. As per information and record some business persons and industrialists are drawing salary in billions of rupees and there after billions of rupees profit on investment and others are starving. Pay Commission Report for increasing salary should declare redundant when D.A. is compensating the Price Index. Resources are limited and population is increasing but few Peoples' pay pockets are overflowing with corruption method. How Price Index will be under control?

SB used to travel by rail to Mumbai twice in a month for closing of his old establishments. In the year 2006/07 one day he asked the pantry supervisor to produce the bill for vegetable meal. That supervisor was scared and could not produce any bill. Then **SB** asked for complaint book and finally the supervisor produced item wise bill of Rs. 45/- which should be Rs. 35/- flat rate. Panir cutlet costing Rs. 22/- was out of menu. Even though the cost was high but unfortunately in that cutlet **SB** could not find any crunches of panir, and it was like a vegetable cutlet. When **SB** challenged and asked for complaint book, the supervisor apologised and offered him VIP treatment without any charges. However, **SB** refused and paid the money. When **SB** asked supervisor why they are charging so much for providing bad quality of food, supervisor replied that in order to get this railway catering contract, they had to pay separate 'cash packet'

for getting the contract. Presently food contractors' rate has become so high that **80% APL & BPL** categories people cannot afford. Veg plate charging Rs.80/- and non-veg plate charging Rs. 100/-. If we ask for bill, they will produce item wise rate not **IRCTC** thali rate and they will not supply pot tea of Rs. 7/-, they will charge Rs. 10/- of one cup. Even if you travel now by Rajdhani Express, it is observed by anyone that the meal items were reduced as compared to the catering when it was under direct control of Railway Board.

In the platform or in the compartment all food items including tea and coffee supplied at a very high rate and quality is poor as compare to the supplies available from outside the railway station premises. At the end, people can remember that the politically educated leaders had expressed their thought to run and administer this united subcontinent initially by military rulers and there after under Presidential form of Government to make this country a perfect democratic country. Because everybody knew it that the opportunists and self-centred power crazy leaders would capture the entire administration of this country for their own interests taking advantages of peoples' poverty, lack of proper education and discipline. Everybody knew that there were one extreme self-centred power crazy group and other one religious fundamentalists group, and both were much closed pets of the **Father of the Nation, Sri Mahatma Gandhi** from whom they managed to take sanction of dividing the country into two parts.

And the result of which the **Father of the Nation had** to leave the country for ever for heaven. Later on, different opportunists' revolutionary group started capturing the entire Government machineries to rule this state by destroying the existing industries through their trade unions for making new construction. In addition, one group of extreme revolutionaries for mass destruction for capturing power as per slogan of **Mao Tse Tung** that "**Power comes from a Barrel of a Gun**". Moreover, some people have become terrorists with the help of foreign collaboration to fulfil their religious fundamentalism and power crazy mentality. At least, affected places of few states under the control of terrorists, Government should declare under emergency military rule immediately.

After independence all self-centred power crazy dirty politicians took the reign of our country by adopting Mount Batten's policy of 'divide and rule' keeping alive racial difference, casteism and religious fundamentalism to rule this democratic country in the shape of **ANARCHISM**. These dirty politicians when require can declare emergency on created war to keep their power intact. There is one book written by **Dr. Nirod Chandra Chowdhury** regarding untold story of Chinese aggression from which we find that the war is created and then retreat, history of betrayal of the first king of democratic subcontinent.

When the above self-centred Party-King, dictator destroyed the West Bengal state and new Party-King took the reign of this

state in all respects through their cadres, leaders and trade unions. And there after some of their leaders are enjoying ‘Z’ securities after making their kith and keen as established industrialists and business persons. Moreover, after demise they may get country’s highest farewell with 21-gun salute honour for their long association in dirty politics. The **Nobel Laureate, Rabindranath Tagore** had written our national anthem “**JANA GANA MANA ADHINAYAKA...**” to commemorate the visit of **Mahatma Gandhi** whom he recognised as the only one national ‘**Nayak**’ in the country when visited in his **Shanti Niketan Ashram**.

There after self-centred power crazy opportunists had captured the power of this state in the shed of Party-King. This Party-King should construct **VIP Bridhyashrams** to keep their senior leaders secured instead of providing ‘Z’ security to save the public money. Above all, it may further be noticed that some leaders will construct their own permanent images, when they will be chief administrator of any state or of the country, in the park or on any national platform to make people to start worshipping them as Gods.

PART-II

STORY OF 'SB' (SUKUMAR BANERJEE) WHO HAS LANDED IN MISERIES AFTER SHIFTING TO KOLKATA IN HIS PARENTAL HOUSE FOR CONSTRUCTION OF OLD-AGE-HOME/BRIDHYASHRAM

Witnessing the present scenario in city life, joint family structure has been demolished due to self-motivation developed in the minds of all individuals in the family; as a result, the relation in the family has become a business relation. Moreover, all blood relations among husband, wife, father, mother, son, daughter, brother, sister have become superfluous. Our existence in this earth/society is due to our father and mother's (parents') love. Parents bring up their children from motionless position to self-sufficient position as per their duty and above all for the sake of humanity. Nevertheless, when those parents become old and become incapable to move comfortably, children do not feel the necessity of giving them relief. In fact, children are separated from the parents and do not bother even to enquire about the parents' condition. It is steel happening that due to below poverty condition some people torture their own children by using filthy languages and sometimes even beat their wives with shoes in front of others for not getting money from their wives' parents' houses.

SB is strongly of the view that establishment of **old-age-home/ (BRIDHYASHRAM)** is necessary. And **SB** has decided to construct a **Bridhyashram** for senior citizens who can be

considered as condemned '**APARTHEID**' in the modern society, to give comfortable, secured peaceful life with the following facilities:

1. Room with attached W.C. & Bathroom on rental and Lease basis.
2. Nursing facility for all on reasonable rate
3. Small clinic with chemist's shop and physiotherapy arrangements on meagre rate.
4. Telecommunication facility with interconnected auto telephones.
5. Departmental shopping facility at reasonable rate.
6. Availability of ambulances on emergency basis for admission in big hospitals and confirmation of prearranged beds to be ensured by donation of one time life members and fees from ordinary members.
7. Apart from this, health club on the roof of the building for life members and ordinary members with lift facility up to 3rd floor on monthly chargeable basis for the following:
 - (a) Morning walk,
 - (b) Laughter yoga centre,
 - (c) Badminton and table tennis
 - (d) Library with reading facility
8. This **BRIDHYASHRAM** is a non-profitable organisation and to be functional as per actual cost plus 10 per cent for maintenance and reserve fund.

9. There are some old people living alone in a rented flat or in his/her own flat with anxiety if he/she become sick, for such people we can give shelter in our **BRIDHYASHRAM** taking their flat in our possession.

10. Security guard, cleaning, nursing, etc. will be provided on monthly chargeable basis from each occupant including 10% service charges on actual.

11. At the time of construction, local people will get job. One day **SB** was dreaming in the middle of the night that Kolkata has become beautiful, peaceful and pollution-free resulting from the following initiatives. To make Kolkata free from road jam and congestion due to hawkers, we must give boot contract to any foreign expert for multi storied international bus terminal from basement to second floor creating the following facilities:

(A) Basement will be for interstate/interdistrict buses.

(B) Ground floor will be for local buses.

(C) First floor will be for hawkers.

(D) Second floor will be for meeting of all political parties,

International Book Fairs, etc. under open sky.

These terminals should have facility of providing snacks, tea, fast food, toilet and bathrooms, maintenance workshop including oil and lubricants supply. For the above-mentioned plan, following are the two places available: a) Entire Esplanade area and Babu Ghat Area and secondly, b) One few acres open plot earmarked for '**Bridhyashram**' as per local peoples' report attached with Eastern Bypass Road near Mukundapur. These

two terminals can remove all hawkers from South Kolkata, Central Kolkata, and North Kolkata areas. The ‘**Boot**’ (Build, own, operate and transfer) contractors can build these two terminals on their own cost for themselves and operate to earn revenue as per 60/40 ratio for 10 years and there after transfer them to the local Government. Another jam in Jadavpur Station Road and Jadavpur P.S. and Prince Anwar Shah Road crossing can be removed by constructing a fly over-cum-shopping mall on the both sides for small dealers and all vehicles across the rail crossing and from South Sukanto Setu to Jadavpur P.S. junction towards East-West Anwar Shah Bridge and Eastern Bypass. And in this flyover Metro Rail also can be added. This also can be given on a Boot Contract to the Foreign Expert. All railway lines passing through city can be covered with flyover for rehabilitation of slum dwellers and hawkers. In addition, all these infrastructure projects can be given on ‘**Boot**’ Contract again to the Foreign Experts.

Another sensitive area: North Kolkata, including Burabazar area should be declared a National Heritage City. Possibly this area has become the shelter of all corrupt and smugglers who are famously known as businesspersons from Burabazar. If we open the history of 19th century’s Bengal renaissance, we will find all our great educationists, philosophers, men of literatures, artists, revolutionists and freedom fighters used to reside in this area and were fighting for the freedom of our country. Especially when we see the birth place of our great Nobel Laureate, **Rabindranath Tagore**, which should have been an international

tourist place, has become nauseating sight in this area after independence under control of self-centred power crazy dirty politicians.

SB remembers one incidence when he had visited Bakkhali Fish Breeding Aquarium where sea water and sweet water mixed, number of ponds are excavated for fish breeding. Incidentally **SB** asked one fisherman, about the total income from all these ponds in a year, who could not reply but one thing he told that 50% ownership, belongs to Mr. Chandan Bose by name. **SB** feels there should be CBI enquiry to find out total expenditures of this partnership project borne by what ratio. From Howrah station to Burabazar area, after ferry crossing and Howrah Bridge crossing over river Ganga, all smuggled goods are possibly being stored in this area. Entire business community people have captured this entire North Kolkata area. These business communities have become the main money suppliers to the King-Party and are ruling this state. The complete economy is under their control. In West Bengal, in respect of film industry they are the main financiers, who are forcing producers, directors to make movies of low grade to earn maximum profit. State Government should take control of all go-downs, cold storages and should make local people as Co-partner in their business and industries to control the distribution and price. We should shift this wholesale market somewhere near Eastern Bypass area and/or Rajarhat area. We should demolish all old buildings including

Old Scrapped Mint area and rebuild the Heritage City for international residential school and college for all branches of arts, commerce & science/technologies including management level for the fellow citizens on nominal fees and for international people on international standard. In these schools and colleges, we should inscribe all the works of all great people of West Bengal and other states who participated in their works staying in this area. These schools and colleges should follow the ideology of our illustrious person of literature, **Rabindranath Tagore** fully under the control of Centre. Next we should construct big hospitals for poor, tourist amusement park and shelter for foreigners and others. We can get foreign aid and expertise for remodelling this city. If we visit some foreign countries where any river is passing through city, we will find that both sides of the river bank has been utilised beautifully with garden, road, Metro Rail, transportation with number of bridges for crossing one stoppage to other stoppages. For developing all the above we can give '**Boot**' Contract on 40/60 ratio for ten years to clear off contractors' investments with profit.

CONSTRUCTION OF BRIDHYASHRAM

Presently **SB** including his other two brothers has ... sq. ft. plus ... sq. ft. western side of ... width road after release of ... sq. ft. encroached by north & south side neighbours. If Nagarik Committee could convince all the neighbours from Purbachal

Main Road to South Kalitala Road western side of the 9 ft. inside road widening up to 12 ft. for long stretch of roof, can convert all single stories and double stories building to third story building keeping their ownership intact without merging with each other on self promoting system. Only roof will be common for health club and ceremonial purposes. **SB**, being a joint promoter will invest capital for the development of the land and sanctioning the plan for construction of the said building, as per the registered agreement for construction on 60/40 ratio as mentioned below: The land owner and **SB** jointly will promote and execute the contract as per the registered agreement within the schedule time & price. Landowner would get complete FAR. **SB** would collect cost analysis from civil contractor and will prepare construction agreement, which would sign by self and landowner jointly with contractor. Then **SB** would make another agreement with Landowner for constructing the building on 60/40 ratio. Builder/promoter will utilise 60% for senior citizens. At the time of construction and for running of **BRIDHYASHRAM** all the **BPL** family members can get jobs for earning their livelihood. At the time of construction, the landowner's family members need not shift immediately and will accommodate in the other constructed building for a short period. Security guard, cleaning/nursing will be provided on chargeable basis for services and maintenance on actual plus 10 per cent per flat. **SB** has submitted one note satisfying both the accused elder and younger brother in his company again in the year 1998, could not continue for long time

for the settlement in the month of December '08. **Supriyo**, elder brother, who is **extreme self-motivated destructive evil egoist**, did not accept any proposal. Builder/developer would execute an agreement with **SB** for '**Boot**' (**Build, own, operate and transfer**) Contract after completion of the project in all respect on 40/60 ratio. But all efforts became meaningless, because **Supriyo** whose character history is mentioned below, did not respond at all. Moreover, finding no alternative **SB** has to file criminal suit under sec. 420 & 406 against the brothers.

After shifting permanently here in Kolkata, Parental House, **SB** has learned from neighbours, younger brother, sisters and other relatives about the destruction history of **extreme self-motivated destructive evil egoist, his elder brother, Supriyo** after marriage separated from his father and there after his various ill treatments started towards the old father for the occupation of the land.

- (1) He has sold out Jadavpur shop where **SB**'s younger brother was working simply to make him jobless without giving him any compensation.
- (2) Due to his change over from CPM to Naxalite group, his opponent group had thrown bomb on their father's bamboo cane Hutment was burnt into ashes and before that **Supriyo**, with his family shifted to Chandannagar.
- (3) Due to his wife and his instigation, their younger sister left the house and married intercaste, a local boy and as a result, he got relief from spending any marriage expenses.

- (4) The opinion of the neighbours, and relatives was that **Supriyo** had killed his wife by not giving proper medical treatment.
- (5) Due to his self-motivation to save money his younger daughter also left house and married with an intercaste local boy.
- (6) **Supriyo's** extreme self-motivation has thrown out his only one son from his house. As a result, this young boy started to live in a guest house and managed the expenses from the tuition he used to do and later on when he came to **SB**, in New Bombay, **SB** arranged job for him in the company, when he was working there as a manager, accounts and taxation. Now **Supriyo's** son has become a self-sufficient married man and manages abroad assignments also.
- (7) After retirement, **Supriyo**, as per his statement he lost all of his savings in share market and could save Rs.../-for his elder daughter's marriage.
- (8) Due to short fall in marriage expenses, he borrowed money from Ashok, husband of their younger sister but could not return and the result of which their sister had been thrown out by her husband. Their elder sister's husband gavetha money to Ashok and managed to send back their younger sister to her husband's house. When their elder sister's husband asked for refund of the sum given, he was abused.
- (9) In the year 1973 by force **Supriyo** managed to make one 'Sales deed' for ... sq. ft. of land, wherein their Bamboo Cane

Hutment was burnt into ashes due to bombing attack by **Supriyo's** opponent party when **Supriyo** became Naxalite from CPM party in the year 1971. The above sales deed was registered taking signature from their father with consideration of Rs... shown as receipt in the deed without payment and constructed building on the said land encroaching some part from the balance ... sq. ft. of land. Next In the year ..., their father with fear made a gift deed for the balance ... sq. ft. of land in favour of **SB's** name & his younger brother's name thinking of elder brother's self-motivated action may capture the whole land and he would throw out their younger brother and **SB's** entry in that land for ever. Father conveyed this to **SB** when he was in ... in Gulf Country in the year ...

- (10) In the year ... elder brother, **Supriyo** sold that land and building to Mr. Pinaki in Rs... out of which he promised to give share to two brothers when **SB** visited once in his house before selling that premises. And this whole amount also he lost in share market as per his statement, and did not pay two brothers' share.
- (11) Due to his illegal construction by encroaching gifted land on which **SB** cannot make any permanent construction on 13 ft. width remain out of 25 ft. length from south to north as the plan cannot be approved.
- (12) **SB** did approach to Mr. Pinaki, who purchased **Supriyo's** land and building, to construct further and requested to make amalgamation jointly of two lands together but he refused.

SB did put up the complaint to KMC and on final hearing it was confirmed that the said building is in the demolition case and advised **SB** to file a suit to civil court and Mr. Pinaki was advised to take NOC from Corporation by paying penalty to go ahead for construction on the first floor. Nevertheless, elder brother's dirty politics made youngest brother, his puppet that refused to sign any suit paper or to give **SB** any power of attorney to file a suit. Due to the above damages, elder brother owes compensation of Rs... to both the brothers.

(13) The secretary, Mr. Sudhir of the local Nagarik Committee who had accumulated huge properties from unaccounted sources of income for a long period and when it was noticed by the party, he was asked to step down. New Local committee Secretary Mr. Abhisek also followed the predecessor's tactics to make his position strong and supported that new landowner, Pinaki and to **SB's** younger brother.

(14) Now **Supriyo** made his next target to destroy **SB** by not allowing constructing the Building on the plot **No. ... & ...** due to his unsuccessful attempt to get **SB's** signature on original '**Gift Deed**' prepared by **Supriyo**, elder brother on Rs. 250/- non-judicial stamp paper for occupying 1/3rd share with one room structure from the premises No... of ... sq. ft. of land with structure, which their father had gifted to **SB** and younger brother's name to prevent further encroachment by the eldest one, **Supriyo**. There is a rumour that this Supriyo at the age of 73 again got married.

(15) In the year ... 2004 onward **SB** started visiting Kolkata and met elder brother who declared that he has no interest, above all no money, no time, and he was to be considered as dead for doing anything further on the father's occupied ... sq. ft. of land. **SB** took all the original receipts and papers and visited Mrs. Bharati's house, landowner of the new land with elder brother and tempted her to give more money and as a result **SB** gave one post dated cheque of Rs... to elder brother but Mrs. Bharati demanded Rs... And finally with the help of advocate Mr. Narayan, who could manage to get judgment from the Registrar of Assurance, Alipore Registrar Office to pay stamp duty and registration fees. **SB** did send all the stamp duty and registration fees from Mumbai to elder brother by registered post in covered letters twice. In the covering letters **SB** explained his purpose and intention to start a business for helping poor kith and keens and especially he wanted to give some money to his younger brother for trading business. Again, penalty clause introduced for time bar for non-registration in time. In 2004 **SB** arranged loan of Rs... from Citi Bank card over telephone for paying ten times penalty of Rs... to complete the registration of the said new land by paying Rs... monthly EMI and thus elder brother paid 13 installments @ Rs... per month. Since half of the money exhausted due to **SB**'s hospitalization under elder brother's care, again **SB** took further loan from HDFC card which was sanctioned over the telephone and the amount was Rs... which **SB** kept in a joint FD A/c in HDFC Bank, near Dumdum and opened a current A/c

for O.D. facility in the name of himself with elder brother. But took further loan from HDFC card which was sanctioned over the telephone and the amount was Rs... which **SB** kept in a joint FD A/c in HDFC Bank, near Dumdum and opened a current A/c for O.D. facility in the name of himself with elder brother. But in the year... **SB** did close both the accounts. However, EMI of Rs... was paid by **SB** alone against HDFC Card. **SB** was engaged himself full time since ... onward to recover the encroached land. **SB** initially started living in Kolkata with his elder brother for few days, then put up in his parental house, and took up everything in his custody and started frequently going to Mumbai for arranging the finance and for closing 38 years old establishment and various bank loans and other pending court cases. Then finally came back to Kolkata permanently in the year ... **Supriyo** after the sale of his own constructed building he was residing in **SB's** present room, wherein the incidence and accident occurred during his stay with younger brother's wife. She, who tried to explain to **SB.**, and later on **SB** had realised when **SB** was attacked and abused by his next neighbour, Pinaki and his wife using filthy language viz: "Haramjada" to **SB** and "Khanki Magi" to Younger Brother's wife. **SB** has to write a letter to Pinaki for written apology. In addition, advised him to sale the wrong constructed building, against which **SB** filed a case to KMC for demolition to avoid continuous quarrelling. Presently elder brother earning and living with Government pension of about more than Rs... P.M.

and by teaching junior class students for which he is working so hard for developing his own teaching capacity day and night and got minor heart attack admitted in Railway's B. R. Singh Hospital.

(16) Before leaving for Bombay in the month of ... when **SB's** elder brother was in hospital, **SB** wrote one letter and handed over it to him when he came back from hospital through Mr. Jaydeb, who lived with his elder brother in the mess. In that letter, **SB** requested him to come back to their parental house and allow **SB** to start building construction works. And further requested to sign the development agreement and power of attorney so that all could stay peacefully together and he could look after the construction instead of staying separately at this old age when nobody would be there if anything further happened.

(17) For arranging further fund for development of the land and construction of new building, **SB** has sent first flat booking receipt to his nephew, Bunty on his organization's letter head duly signed by two brothers with **SB** himself, owner of M/s B. S. Contracting and Services as civil contractor. In addition, there after all three brothers have signed another flat booking advance receipt on his organization's letterhead for borrowing money from his friend Shaik Shamim, business person, ..., Maharashtra. Later on when **SB** requested both for power of attorney and development agreement to start construction for better living

standard, elder brother stated, **“We don’t believe you.”** Then **SB** wrote a letter and couriered to his elder brother **Supriyo**, which was received by his mess cook, which stated:

**“THOUGHT OF CONSIDERATION FOR CONSTRUCTION
AND THERE AFTER DESTRUCTION TAKES PLACE
IMMEDIATELY AFTER WHEN SOME ONE STATES, I
DON’T BELIEVE YOU.”**

After retirement, **SB**'s younger brother for whom he did arrange a job in his company again in the year 19988, could not continue for long time and came back to Kolkata home after resigning in the year 2003. During this period his younger brother was passing very bad time and he used to give calls to **SB** frequently that all of his full and final savings were almost exhausted and cannot pull on for long time. And also gave calls to **SB** for saving their father's acquired land.

SB took decision to shift to Kolkata and this decision of shifting also deteriorated the family relation which resulted in **SB** living alone in his ... flat leaving his own purchased new flat in 15 storied Millennium Tower which was declared luxury during period of 2.1/2 months in the year.....when **SB** left for.....in UAE for arranging visa to take the family.

During his stay in Kolkata since ... **SB** used to spend his single penny for completely of joint family expenditures when **SB** was staying with his younger brother jointly to give him indirect financial relief and later on arranged business loan from his O.D. A/c with SBI.

Before **SB**'s entry in his parental house, his younger brother who was working in Bangalore allowed his wife to rent one front Room & attached Varanda to his neighbor, Jiban's wife name for her son's family at Rs..... per month on Rs.10/- Stamp paper agreement with younger brother's wife, who was not an owner of this parental house. With great difficulty, **SB**'s younger brother after returning Rs..... deposit and by touching Mrs. Jiban's feet did beg for the release of the two rented rooms.

Such a worst culture has developed in the society that everybody wants to grasp others' property by any means with the help of local strong people. Mr. Jiban had started attacking **SB** so that he might not think of settling down here and like there were other people including **SB**'s old friends of his young age also started advising him to go back to Mumbai. Because he cannot stay here adjusting himself in the present culture developed in the area where his two brothers are also infected with this culture. The same younger brother joined with his eldest brother to oppose **SB** in all respect by takingrupees from elder brother. In the year..... **SB did** arrange counseling in the Office of one retired judge M/s & Co. inviting accused two brothers. When, counseling started the younger brother repeated the same promise that he would take care of elder brother, **Supriyo's** prestige and fame spoiled in connection with his wife, which was informed to **SB** by his elder brother,

Evolution of Human Beings and Society

Supriyo with tears in his eyes due to the shock when **SB** visited his house.

In addition, same day **Supriyo** did agree to dispose of his.....
.....cottahs of land by Rupees..... except encroached
portion in south side. After that **SB's** younger brother started
propagating that their father was not willing to add **SB's**
name in the **Gift Deed** when **SB** was in UAE. He further
started telling that he made a mistake for allowing **SB** to enter
in their Parental House. When **SB** made him so strong,
powerful and such ungrateful brother that how he can deny
through his learned advocate, Mrs. Maya, who informed
SB's learned advocate, Mr. Narayan by registered post that
his client had not taken any money from **SB** and did not
permit to construct any building on the newly purchased and
developed land. **SB** has given all the detailed statements of
business loan to his younger brother and the Renovation
expenses for the old hutment with full facility. And the next
detailed statement of cost and expenses for recovering new
land for which **SB's** younger brother has got no contribution
but has become 1/3rd owner of the new land as his name has
been included in the **Conveyance Deed**. When encroached
land had become Vastu land from Shali land after completing
BLRO & KMC mutation and with earth filling by **SB's**
investment of Rupees.....by taking banks loan and
undergoing hardship, then everybody had become the owner
of 1800 sq.ft. each from total Vastu land of.....sq. ft. The

S Bhattacharya

elder brother, **Supriyo** had taken a stand to destroy **SB** and was obstructing him to construct a building on the said developed land so that **SB** could not recover his investment amount to clear his bank loan and to keep that land unutilized as dead asset.

Next **SB** had written a letter to the Secretary, Mr. Sudhir of Nagarik Committee, signed by Asstt. Secretary, Mr. Nikhil, who kept that letter pending for 11 months and gave back to **SB** for the submission of the same to the office address, which **SB** further submitted in the beginning of 2008. The Nagarik Committee arranged meeting by calling both the brothers. On the hearing date, the Asstt. Secretary, Mr. Nikhil had read the complain letter of **SB's** younger brother stating his complain had been received first than **SB's** complain letter which was factually received by him more than one year before and again placed further in the office in the month of ..., 2008. In the meeting all LCM and Secretary, President were present and put their signature in the minutes register but the conclusion (Sidhyanta) was signed by the President instead of Secretary to whom the complaints had been submitted earlier. **SB** did receive Conclusion Report of Nagarik Committee after 7 days. Nagarik Committee's conclusion report stated that there will be no injustice on **SB** but **SB** had to withdraw all the criminal cases against his younger brother, who was arrested by police and kept him one night in the his police custody in Kasba P.S. on non-bail able warrant due to

Evolution of Human Beings and Society

absconding report in the charge sheet against the first warrant submitted one year before and I.O. had to take action to avoid contempt of court for the non-execution of order. Moreover, it was announced that after three months again another meeting would be arranged calling the elder brother, 2nd criminal, who was discharged in the first charge sheet but again a warrant was issued for the arrest on receipt of 2nd charge sheet against order on Naraji Petition by **SB**.

When **SB**'s water line connection had been cut and with a plastic sheet, and on....2008, **SB** called a plumber to get it repaired that connection. Asstt. Secretary came and charged **SB** why he did not inform the authorities of Nagarik Committee and shouted on the Plumber. Again **SB** wrote a letter addressed to Secretary of Nagarik Committee stating that he had withdrawn all the arrest warrants u/s. 144(2) and u/s 107 and informed them that he was leaving Kolkata for bringing his family. After coming back in Kolkata, he again received one letter from the Secretary of Nagarik Committee that **SB** has to submit documentary evidence in support of the withdrawal of cases. In ..., 2008, **SB** did produce the documents and a note in Bengali for Mr. Sudhir/Abhisek from General Secretary of ... party of South 24 Parganas on the letter head of Nagarik Committee sent by Secretary. After that letter, **SB** was called for submission of his settlement note and plan of 'BRIDHYASHRAM' as mentioned below. Below **SB** has given some details of correspondences between **SB** with Nagarik Committee and Police Station, Kasba.

**SUB : APPEAL TO NAGARIK COMMITTEE AGAINST
THEIR ONE SIDED CONCLUSION TO SETTLE SB'S
BROTHERS' DISPUTES**

This is with reference to the 'conclusion' (Siddhanta) of the memorandum of Nagarik Committee in respect of **SB's** brothers' disputes to be settled within three months announcing meetings and during this period both the brothers lived together in the above address and asked to maintain, peace and harmony. **SB** under severe constraint to seek their immediate solution by allowing to make renovation of all common uses of two brothers' available spaces and with separate gate as requested earlier received by Mr. Nikhil as per his official rank & position as Assistant Secretary including all supporting documents. Mr. Nikhil denied in the meeting as per notice and has read out **SB's** younger brother's complaint first, stating that this complaint received earlier than **SB's** complaint. A copy of the acknowledgement of complaint was attached for ready reference. There after Mr. Nikhil visited premises for checking on the receipt of younger brother's further complain for repairing of water line and immediately he charged **SB** that why **SB** had not informed before repairing the pipe.

Under the above circumstances **SB** thought that the officer of the committee registered under law was an elected person who could interfere in everybody's personal affairs entering in their premises any time as per his will and wish. If **SB's** thought

Evolution of Human Beings and Society

was wrong, he would have never appealed to Nagarik Committee to restrict this person in the premises without **SB's** permission because this officer was supporting the criminals who already were convicted as per police report.

In view of the above, **SB** requested the Nagarik Committee to be kind enough to consider his appeal as local best judge going through **SB's** submitted documents before the scheduled date, otherwise series of various criminal cases filled u/s 420, 406, 107 and 144 (5) might bring warrant against all. It is well known that the "Give and Take" policy could not be one sided. So long **SB** was giving to all as international donor, as **SB's** blood group is 'O' positive. In support of the above, **SB** submitted documents for their knowledge.

Finally, the above Nagarik Committee could not do anything and when **SB** informed that he is going to submit all the documents to Police Station for diary to appeal to Human Right Commission, then LCS, **Abhishek** informed that the local young boys were supporting **SB's** younger brother and they might even attack **SB**. **SB's** earlier letter of datedto his elder brother, **Supriya**.

My dear Dada,

It is an eternal truth that our existence in this earth due to our father and mother's love. You and our younger brother do not except the above truth when both of you are opposing me to build up one memorial trust in the name of our father to fulfil our father's last wish conveyed to me before leaving this earth

when I was in Gulf countries. As per his advice, I wanted to build up **old-age-home** on our joint property to be managed by our above registered **NGO-P.S.C.S.** and **logo** of which also got **Trade Mark Registration Number**. This **NGO** is non-profitable organisation with cost plus 10% for reserved fund. I am attaching **old-age-home brochure** for your kind reference.

I would like to remember some incidences of your extreme passion/sex-hungry activities due to unsatisfactory marital-sex for which you were blaming our father. Your passion increases when you find a woman/lady is busy in cooking in the kitchen and immediately you enter in the kitchen to show your skill in cooking and try to instigate and motivate the woman for your purpose. During my stay in Bombay, you came once in my rented flat and after some chit chatting, you enter in the kitchen where my wife was busy in cooking. To make very close relation, immediately you have changed your Zodiac Sign from Min Rashi to Kanya Rashi, because you were aware that my Wife's Zodiac sign is Kanya Rashi. There after you caught our younger brother's wife and neighbouring people also came to know from the sound of scuffle of my Brother's wife with you. This matter you also confessed and explained to me with tears on your own when I came to your Flat. Finaly dear Dada, you have succeeded at the age of 73 through your extreme passion/sex-hungry you had to marry withy our kitchen-mate, Smt. M. D. who was living in your upstairs flat which she got from her demised husband with

one black colour son. There after disposing off that upstairs flat, you have purchased new flat opposite other side of L. Cinema, R. M. Colony, Dum Dum, Kolkata. Now your extreme self-motivated destructive ego made confirm not to give me construction contract under my licensed entetuerprise S.B.C..S. recommended by you in the year 2004. And you are teaching our younger brother how to misbhaveand torture me when paying nominal extra amount for misbehave and torture me when he came to you to get your sanction for allowing me to construct the building on 50% Vs 50% ratio proposed by him and I agreed but he told that he will confirm after discussing with you. Since you have made him your slave by paying his required money and after few days when I enquired he loudly started telling that he does not have any relation with me whether a blood relation or any neighbouring relation and not supposed to give any reply and going inside his room so many utterances for few minutes, which I have just listened silently without uttering a single word. Indirectly he is also being tortured for carrying water whole day from one end to other end. I did offer him to install toilet/bathroom in his first veranda, so that I can make one new single room on same vacant place to bring my family permanently. How long you can keep your destructive ego alive when you already got two attacks and you cannot carry with you if you are on aboard to hell or haven. By paying lump sum money to my advocate through your advocate to file a defective petition without

enclosures u/s 226 which will never appear in court as per our younger brother's statement. For your portion, you must have made some will for your beloved and now I am planning to file a recovery suit for Rs. .../- for construction against two brothers and Rs. .../- against business loan to younger brother up to and including 30.11.2015. For this I have written one letter to my advocate to take necessary action for my 5 cases. If I don't get any response, I am going to file one cheating case u/s 420 for 4 people including my publisher. I am attaching relevant copies of the above.

I am also attaching one letter addressed to Prime Minister of India enclosing therewith my 8th Edition of Book—“**Evolution of Human Beings and Society**” for your kind reference.

Now I am penning down with my 'Pranam' to you.

Yours middle Brother.

The concept of the above **Bridhyashram** initiated when **SB's** miseries started in his home when he has taken retirement from the services to get relief from huge debt for children's higher education and for booking of one flat for permanent shelter. **SB's** wife did not accept this voluntary retirement, resigning from the service considering that he would not be able to maintain the status quo, which he maintained throughout his working life, and started misbehaving with him by taking control of their two children. Children's behaviour towards their father also changed at the same time.

Evolution of Human Beings and Society

SB has intuition power by which he could foresee the ensuing debacles and his mind got disturbed and he took immediate step to prevent any debacles in near future. For instance, **SB** made one “family settlement deed” on stamp paper of Rs. 100/- duly notarised after taking all four members’ signatures. By this settlement deed he could claim Rs... as maintenance charges for the whole life. And another one “**GENERAL POWER OF ATTORNEY**” from his wife for selling his new flat in ..., 15 storied Millennium Tower, Maharashtra for clearing a loan amount of Rs.. from HDFC Bank, Vashi Branch if monthly EMI of Rs... paid by his son get stopped.

In the year 2006, when **SB**’s son came on holiday from his office centre, **SB** took his son’s permission to meet him in his daughter’s bank flat in Mumbai for the planning of settlement. After coming back to Kolkata, **SB** suffered serious sickness, as he could not tolerate that sort of humiliation from his own children and wife. After few months, he decided to file divorce suit against his wife. **SB** sent a notice through advocate to his son’s office address and to his daughter’s residence address. **SB** filed a divorce suit against his wife but he did not accept the expert judgment because he loved his wife very much as against everybody’s dislike from his parents’ side as well as her in-laws side.

Further miseries started for mutation in Government's BLRO office and thereafter in the Kolkata Corporation. In the year 2004, after registration part was over, **SB** had taken help of his distant relatives, who was acting as agent for submission of BLRO mutation and Corporation mutation on payment of some advance. For BLRO mutation, **SB** has put up application during ... first in combined one application and latter on separately three applications for three owners. In this office, one purposeful syndicate was formed unofficially for manipulation to extract extra money by making delays in all applications processing, starting from private group sitting outside BLRO office for writing various application and selling judicial stamps to fix up in the application by charging high rate. Since **SB** was aware of application format, he did not seek any help from anybody and submitted his application after paying nominal extra amount for paying khajna for the land. Due to various reasons of delay from hearing, inspection, missing of files, complaining to BLRO, **SB** got the mutation certificates in the month of ..., 2005 after putting receipt signatures date of ..., 2007 as advised by the staff member.

Next, **SB** did start Corporation mutation through the agent, **SB's** distant relative, who could manage Assessment Hearing Notice for tax valuation during ..., 2006.

When **SB's** agent informed that the expected estimate of about Rs... for 27 years tax arrears to be given, then **SB** had

Evolution of Human Beings and Society

taken decision to be present on hearing day instead of agent, to sit with hearing officer for reducing the valuation explaining the status and position of the land. **SB** could convince hearing officer to reduce the land valuation and accordingly could reduce almost 1/4th of the tax payment, which all agents demanded. Before this agent, another agent demanded Rs... of which first advance of Rs... and balance Rs... after assessment bill. All the agents are having good relation with all the staff members of the department for satisfying them with extra money by forceful pick pocketing from the tax payers. As per the private concern, there should be disposal report format, which every staff should submit every day to their respective bosses before they leave office duly signed. Moreover, this report format would be the parameter of their performance for further increment and promotion and should not judge by their service period. Register of applications, which is the first delay method for not taking application on the same day stating there are a lot of pending applications to enter in the register and cannot give registration number for receipt of application in the same day and applicant, should leave application without any acknowledgement. Do you know why? Everybody knows the secret but nobody would come to tell you.

Next come to Police Station : Police force is considered as Rakshak of all human beings and society. Nevertheless, in the present state of affairs, police insists on criminal offences to

the complainant so that they can extract extra money from both the parties. **SB** submits here the various incidents of how he has become the worst victim even after satisfying the I.O.s by paying extra money to get the relief from the criminals from their criminal offences :

SB has filed a criminal suit u/s 420 and 406 against his two brothers for denying any amount accepted from **SB** and allowed him to construct new building on the new land. Warrant had been issued to arrest both the brothers. The execution of this order assigned to I.O., **BBB** who was going to be retired very soon collected good amount of money from **SB** for giving charge sheet report giving reason that he had to pay 'Barababu' (Officer-in-charge). However, he had collected from both the brothers for submitting the charge sheet in their favour by reporting that the younger brother was absconding and elder brother got discharged giving reason that he did not fall under u/s 420 & 406. On the receipt of charge sheet, the court again issued non-bail able arrest warrant against younger brother during which was unexecuted till end of '2008. After receipt of **SBs** S.O.S letter to the Officer-In-charge, directed I.O. to execute warrant.

On.....'2008, night younger brother of **SB** was arrested and the next day morning got released by his advocate from the Court. Since then the family members took cruel attitude and have complained Nagarik Committee on which they immediately served notice for a meeting. Before this, in.....**SB** did arrange u/s 144(2) court order for repairing

Evolution of Human Beings and Society

and demarcation wall for both the lands for which **SB** had been advised by his Advocate some kharchapani, which paid to the I. O. Mr. Subir. But the said I.O. submitted report in favour of opponent parties because their amount of kharchapani was comparatively higher.

Next another Court Order u/s 144(2), arranged for repairing and demarcation wall, which assigned to another I.O. Mr. Asish who was promised by **SB's** advocate for high value of lump sum but advocate did not materialized the deal. **SB's** advocate smelled that the I.O. had collected huge amount from opponent parties and took transfer to another Police Station after submitting reverse Report than the agreed sample Report shown in advance that to mentioning wrong Case M.P. Number than the actual number so that nobody can trace out the Report of which counter signature done by Officer-In-Charge.

Due to cruel behavior of opponent parties, **SB** has filed F.I.R. in Police station and submitted a petition u/s 107. And for the above Petition court ordered for Report which same I.O. Mr. Asish submitted on the same day having no relevance of the subject matter even after submission of documentary evidence obtained from **SB's** Security personnel hired for short period for his safety and security.

Due to the above untoward happenings and finding no alternative **SB** had written a letter to the Honourable Chief Minister of West Bengal, Writer's Building, Kolkata for his

S Bhattacharya

kind intervention and settlement of disputes. The above letter had been acknowledged by the assistant secretary to the chief minister addressed to **SB** stating that he had been directed to acknowledge receipt of **SB's** letter addressed to the Chief Minister of West Bengal. The Asstt. Secretary to the Chief Minister to inform **SB** that the department of S. P., South 24 Parganas had been requested to consider the matter raised by **SB** and to take such action as is possible and to inform **SB** that the action was taken. Further correspondence in the matter, if necessary, might be addressed to the department". But, **SB** did not receive any letter from the department of S.P., South 24 Parganas.

And another letter to The President of Party, South 24 Parganas, West Bengal for attn: Shri Shyamlal who did not receive that letter with the enclosed Book with a comment: **"Your matter is a Hot Cake which you may give to proper Media and you can earn good money"**.

Next **SB** has written a letter to the hon'ble Governor of West Bengal in the month of ... for his help to depute a **NGO** to construct the proposed **Bridhyashram** after settling two brothers' claim. OSD & E.O. Special Secretary to the Governor of West Bengal has forwarded the letter to the District Magistrate, South 24 Parganas, Alipore, Kolkata during March, 2009. On the receipt of the copy of the above letter, **SB** has written a letter to the District Magistrate and copy to the Secretary of Governor during ..., 2009. After a number of visits,

Evolution of Human Beings and Society

DM has asked his OC, General, for report. OC had written a letter to SP, South 24 Parganas, West Bengal and 2nd reminder copy forwarded to **SB**. When **SB** sought an appointment with SP, South 24 Parganas during ..., 2009, S.P. said that the Police Department would act legally as per the Honourable Court's order and they would send status report to maintain the peace and harmony. They would not work under any circumstances on humanity consideration or social obligations. Then **SB** told to S.P. that the Police Department had liberty to earn 'kharchapani' from both the parties (Complainant & Opposition) to prepare the status quo report in favour of who pays more money in terms of 'kharchapani'.

SB being a senior citizen is facing lot of disturbances and sufferings through bank operational systems from Government banking enterprises and private banking enterprises under control of Reserve Bank of India. Banking operational systems should be considered as emergency services and their trade union right should be ceased under ordinance to prevent their strikes, work to rule, slogan, procession, etc., which **SB** has already suggested in the previously mentioned chapter of Price Index. Because of their strike and work to rule right, bank customers do not get their own arranged pension through ECS from Postal MIS and from other sources for indefinite period. When their lending interest rate gets reduced and they get sanction from Reserve Bank to increase their various charges as compensatory relief,

all banks have increased their charges two to three times more by their own discretion power. But all banks are taken advantage of this right and have started charging abruptly some times in wrong way also. When customer did challenge then they manipulate in accounting systems by passing journal vouchers and refund the charged amount. Some time if customer has issued some big amount of cheques from his CC A/c, in favour of one party having his A/c in the same bank in other branch and those cheques clearance have taken more than 7 days. Moreover, ATM withdrawal also made stopped because the CC A/c made deactivated for utilizing the money in market for short period on high rate. Likewise, some banks make purposely delay to give credit of transfer cheques to the customer CC A/c more than 4/5 days taking advantage of holidays and customer O.D. interest charged in addition rough behaviour with that senior citizen customer. When customer put up complaints, Chief Manager does not want to acknowledge the complaint letter and keep the matters pending. Some banks directly paying their Card Division from their customer savings A/c without taking any concurrence from the account holder. Since **SB** being the victim of such transaction has filed a suit, and got the expert judgment wherein order passed to pay the complainant his principal amount including legal expenses, interest and compensation totaling to Rs... approximately as against Rs...

SB has written one last letter to his elder brother Supriyo as mentioned below (Revised) :

Evolution of Human Beings and Society

FINAL REQUEST TO ALLOW SB TO CONSTRUCT BUILDING ON HIS AREA AFTER SIGNING ‘POWER OF ATTORNEY’ AND/OR ‘PARTITION DEED’

Ref : **SB**'s earlier letter dated ... 2015 sent by Speed Post and as per Postal Track Report Item delivery attempted but misspent, moved to Ballygunj, next to Ghugudanga – delivery attempted but addressee moved, next moved to Haltu for return to the sender. On ... 2015 you have arranged one meeting at one rented house, Kayastha Para, Haltu where all together **SB** self, yourself and younger brother entered in that house and both of you agreed to award the contract to **SB**'s ‘**Self Enterprise - ... Services**’, civil contractor for construction of building on joint property of three brothers @ 50/50 ratio (Owners’ allocation at 50% and builder’s allocation at 50%) on the following terms and conditions :

(A) As per final settlement and your advice **SB** had prepared draft of ‘**Power of Attorney**’ as per agreed terms and conditions given by you consulting one senior most advocate and submitted to you on ... 2015, attaching one letter on one **NGO Letter Head-“... Society”** addressed to Joint Commissioner of Kolkata Municipal Corporation, Head Office including property tax bill of Rs.../- approximately for three years for rebate considering construction of **old-age-home**. If we accept this bill (Original of which are retained by you) as it is then annual valuations of two lands showing Rs.../- instead of Rs.../- and next GR-Rs.../- instead of Rs.../- paid tax up to

2012 for ... Cottahs ... Chhittack and for ... Cottahs of land showing Rs.../- instead of Rs.../- paid up to ... And all have to pay property tax bill 6 times and 4 times higher than earlier tax.

(B) After one week when SB did not get any response from you about the '**Power of Attorney**' given to you for approval even after giving number of calls and SMS to your Mobile No ... and when **SB** checked up to younger brother, while wishing Bijaya Dashami to him and his family who is residing in front side of the road in two rooms and verandas attached with SB's single room with one veranda confronted with the following questionnaires which bestowed on **SB** beyond his capacity and seems to be learned from you only.

(C) The younger brother did ask about **SB**'s credential and in reply **SB** told that he has arranged builder, architect, materials supplier and his own experience in construction line.

(D) Then he argued about architect's 50% mischievous calculation of owners' portion and demanded your architect to be deployed. **SB**'s reply stands that can be challenged by any architect of your choice.

(E) Next he wanted to remove all of **SB**'s attachment with all associations which was not cleared and assuming if it is for that linked **NGO** - "**... Society**". Non-profitable organisation about which **SB** explained earlier that this **NGO** is registered under West Bengal Society's Act and its '**Logo**' also registered under Ministry of Registration, Government of India and obtained **80G** Income Tax Exemption Certificate. **SB** again given below detailed analysis including your

Evolution of Human Beings and Society

whole life carrier and activities (Revised) which will be only reason of turning back to your commitment once committed.

As it is quoted from the letter by **SB**.

Our younger brother was telling that my age is now 73 years and I will be alive another 10 years and after that he will be able to construct the building on his own. Poor fellow does not know the span of our previous generation. Our father's elder brother and younger brother, both demise before our father and I can bequeath by Will of my portion.

(F) (i) I told my younger brother about you that being a political leader generally back out from any commitment. They are power crazy destructive egoist. Your service life without any service because you were Eastern Railway's union leader who enters in office after 12 A.M. and ask office peon to bring Attendance Register from Barababu's table to your table and you sign then came out from office for selling saris outside which witnessed by me when I came with you in your Howrah Statistical Department's Building. And this union leadership made your services suspended for few years by Railway Authority when you changed political party from CPM to Naxalite and shifted to Chandannagar which was earlier a French colony even after independence.

(ii) You were blaming father for your unsatisfied marriage due to deficiency in sexual impulse of your wife.

S Bhattacharya

(iii) Next you were giving stinging remark about my job as apprentice @ Rs. 150/- per month from my company arranged by our father and as per you it should have been given to you but you were already engaged in Eastern Railway @ Rs. 150/- per month. My up-gradation started from Apprentice to Accounts Clerk, Asstt. Accountant, then Accountant, next Accounts Officer, Sr. Accounts Officer and then next promotion ended as Manager (Accounts & Taxation) when I resigned from my services for coming back to Kolkata for improvement of younger brother's calamitous condition and recovery of our father's occupied ... cottahs of land getting encroached by South and North side neighbors as per his continuous telephone calls with tears. Before leaving Kolkata in the year ... our father took oath from me saying that I should take total liability of our younger brother for life time because father will not be able to give him proper education. Accordingly in the year 1969 when I got transferred from Assam to Rajasthan at Atomic Power Project and in Heavy Water Project, I have arranged one job as Fitter Supervisor for our younger brother in the year ... after his completion of School Final up to class ten. Next in the year 1982 when my services got transferred in Gulf countries before that I did send back our younger brother to home for starting business of trading which arranged by our father and for trading business, I did remit to our father Rs. .../-. I had been receiving message about his well to do position and got married. Next

Evolution of Human Beings and Society

after coming back in India and in the year ... when I was on official tour in Durgapur Steel Modernization Project for auditing, I could visit our parental house to meet our younger brother and his family with two children who gave me a tremendous shock and pain looking their skeleton bones figure. I shouted on brother and asked him why he did not contact me in our Bombay Head Office. Immediately I gave him one bearer cheque of Rs. .../- drawn on HDFC Bank of Bombay branch. And going back to Bombay, I did arrange one job for him in our Haldia Pipeline Project as Store and Purchase Assistant. And next after completion of Haldia Project, I did arrange same job in our Bangalore Water Pipeline Project. In the year 2003, when I resigned from my services, our brother could not continue. In our company, all project staffs were respecting me and addressed me as 'Dada' as they were scared of my visit in project site for auditing and they were taking care of my any request. All the above promotions shown in Sl. 1F a (iii) achieved on my performance only. And in time to time due to my high profile performance Project Director of the company used to change my designation as Billing Engineer in one Atomic Power Project, Rajasthan and as Project-in-charge in Raigarh, Maharashtra PIL Pipeline Project.

(G) Our father was a great pundit and astrologer, founder member of **Bishudhya Sidhyanta Panjika** before his demise. Whatever he has pronounced about me is 100% happened

S Bhattacharya

and at the last from his old aged pain due to neglected behaviour from the own kith and kin, he informed me in the year ... that I should be prepared for constructing **Bridhyashram** after entering in India and also told there will be no body to help me at my old age.

(H) Another reason of your wrath on our father due to your failure of avaricious attitude when in the year ... you did force our father to give you gift of 50% land from ... cottahs ... chhitak land which he did not agree then you made sale deed showing receipt of Rs. ... from our father without paying the said money and got registered ... cottahs of land on your name. There after sanctioning plan by your builder Mr. ... N.S. you have constructed your building including encroachment of some part from our ... cottahs ... chhitak land. This encroachment we got confirmation from KMC Engineer when given written reply for demolition of building on enquiry from the KMC Judicial Department based on my case against Mr. Pinaki to whom you have sold the said plot with constructed building and who did not agree to amalgamate both the attached land for further construction. While selling the plot and building, you did agree to pay compensation of Rs.../- to us for damaging our land which gifted by our father in my name and our younger brother's name to resist your further encroachment.

Sudden change in our younger brother's behaviour towards me when he was receiving some stinging remark from his

Evolution of Human Beings and Society

friends' circle that his health and radish colour skin figure was developing due to my contribution after my arrival in parental house. One day he was attacking me saying that why I am saying to his friends' circle about my contribution. Factually I was not aware of anyone from his friends' circle. There after he started refusing to pay my monthly 3% commission on every purchase though he paid 3 purchase orders commission and there after he refused to pay anything. Main reason of refusal of my commission and my loan amount due to his loss in business for taking purchase order on low quotation and supplying bad quality of materials and all parties stopped issuing any purchase orders and possibly not releasing his any outstanding dues amount also.

Next your refusal of allowing me to construct the building on our joint property through my own enterprise “... **Services**” registered under KMC Act recommended through your LBS, Mr. Saha. Your political adamant attitude by helping our younger brother giving him money time to time due to which his arrogance bestowed upon me in such a manner as stated in Bengali saying : (**Aami aapnake kete tukro tukro kore mere felbo**) and as per your instructions and copying your characteristics incidences he started propagating various false incidences similar of your sexual passion diseases and others to all of my relatives, neighbours and friends' circle which I am facing from their changed behaviour towards me and also being a guilty conscious he is refusing my offer to work with me in the construction period on monthly salary and repaying

S Bhattacharya

his business loan. There after your money power being a pensioner of Central Government started destroying all of my efforts for constructing building on our joint properties shown as per details given below :

First an application u/s 156(3), case no.../2007 dated ...2007 and recorded by Kasba P.S. case no... dated ... 2007 u/s 420/406 – BGR -.../2007. Court has issued arrest warrant order for both of you but you could manage to get discharged from Kasba Police Station and for younger brother, Police Station sent absconding report to Court. Next my advocate put up Naraji petition against you and you have been included in the same petition. But younger brother's arrest warrant was in hanging and at the last hearing, contempt of Court case against Officer-In-charge after one month S.I. at night at 11 O'clock arrested younger brother kept one night in the police custody and that has become a bone of contention upon me which younger brother started circulating to all of my relatives, friends' circle stating that I have put him in police jail for one night as per your advice. Ultimately after 5 years on your assurance that you will allow me to construct the building on our joint property I have withdrawn this case unconditional on ... 2012. But you have shown your political destructive attitude denying and saying you will think later. Again as advised by one advocate, S.D. attached with High Court and Supreme Court put up another petition u/s 226 signed by his Sr. Advocate N.N.B. submitted by the said advocate, S.D. On ... 2013 taking my signature without

Evolution of Human Beings and Society

showing me the draft petition which was one defective and will never appear in court for motion because that advocate was a professional cheating advocate who contacted you and taken money from you extracting your money power.

Otherwise the case was sure to get final order within a week as promised by him. Now here with this letter I am attaching a copy of **Brochure of Bridhyshram** by our non profitable **NGO “... Society”** for your ready reference.

After studying the above history of your inhuman torture towards **SB** through younger brother whom you have made your slave by giving him money time to time to torture **SB** for the last nine years switching off **SB’s** meter installed in his room, keeping the common tap open so that **SB** does not get water supply, not allowing **SB** to repair his roof made of asbestos sheet and fibre sheet of bedroom and kitchen with attached bathroom, shifting the common toilet/bathroom in his two verandas to allow **SB** to make additional room to bring his family, ruffian behaviour and your direct payment to **SB’s** advocates to manage Police Station not to execute the order passed by Judicial Magistrate under section 144(2) and other Acts to stop the above torture. Keep it in mind that the history of your inhuman torture towards **SB** have recorded in the society being a political self-centred power crazy destructive egoist left no stone unturned and not to keep **SB** to live in peace with sound health at this old age. And this history you cannot remove till your last day of your life in this

earth but it will be framed in this book “**Evolution of Human Beings and Society**” and “**Indian Democracy**” which very shortly will be published around the world through one **publishing company in America.**

Now **SB** decided to forward this letter to the Central Government Pension Board and/or file a money recovery suit for both of you for construction and separately against younger brother for business loan if **SB** does not receive the ‘**Power of Attorney**’ duly signed by both and/or ‘**Partition Deed**’ along with ‘**Chart**’ attaching herewith within seven days from the date of receipt of this letter.

In West Bengal, Judicial Sector is totally under control of Government’s anarchism and Nepotism (same as British Colonial Autocracy) due to absolute majority party’s strong hold with 75% members of Law Board as per sample letters given below.

1. **Incidence of one qualified advocate, Mr. Shiv Sankar** who had given services earlier to **SB’s** elder brother, **Supriyo**, and since beginning of ..., 2005 the said advocate did start giving services to **SB**. Since **SB** was not having any idea about the charges of advocate he used to pay as per demands of the said advocate. On receipt of threatening call from **SB’s** elder brother, **Supriyo** to the advocate that how he can take service of his younger brother against him. In the mean time advocate has taken advances from **SB** for various services but did not

deliver proper services and **SB** had to submit petition to Bar Council of West Bengal giving full details of excess payments mentioned below :

| SL.No. | PARTICULARS | EXCESS PAID (RS.) |
|---------------|--------------------|--------------------------|
|---------------|--------------------|--------------------------|

Hence excess paid 600.00

3. Another letter to Commissioner paid Rs. 400/- as against Rs. 100/-. Hence excess paid 300/-.

6. One letter to Hearing Officer, KMC against Pinaki paid by cash Rs.400/- as against Rs. 100/-.

7. 2nd letter to Hearing Officer again paid Rs. 400/- as against Rs. 100/-.

A/c for filling suit against two brothers but could not prepare a final draft due to receipt of threatening call from elder brother being advocate's first client 5000.00.

Total excess paid 11,000.00

During ..., 2006 advocate explained his difficulty to type out any letter, petition, etc. in typewriter and finally demanded SB's spared PC including his services for teaching him computer to get relief from boring typewriter. **SB** used to come every day morning and some time also in the evening at his residence for teaching how to operate computer and printer. Sometimes **SB** used to help him by typing some petition, letters, etc. when he gives dictation for typing in computer. During March 2007 **SB** went to Bombay and the said advocate used to call his assistant to operate P.C. result of which, hard disc of P.C. got damaged and **SB** has to purchase new hard disc. By credit card worth of Rs. 2300/-. Now total cost of hard disc, rental charges of P.C. & services work out to be Rs. 11000/- and finally this advocate has to pay back Rs. 22,000/- to **SB**.

This advocate was working in a private company and after losing job, he has obtained license for advocating job of writing letter, petition, but for filling petition he transfers the case to other leading advocates for attending and hearing

dates and next further proceedings in the court.

This advocate is using one jewellery shop in Gariahat as his office for caching client and his agency business for the jewellery shop. And by cheating method, this advocate is also trying to recommend house hunting people to invest money in particular Real Estate Company so that he can manage one permanent job in this company.

Another quality of this advocate, when he finds, some clients are disturbing him frequently for filling a petition for which he has taken advance money, then he deposes his wife to insult those clients for getting out from his residence and on that particular day, he pretends as bed ridden sick person.

The said advocate filed a counter criminal case u/s 500 against the complainant to the learned Chief Judicial Magistrate, Alipore, Kolkata Police Court. As disputed titled, 'Accused' opponent party filed a petition for dismissal of the above case as mentioned below :

District: South 24 Parganas In the Court of Learned Chief Judicial Magistrate, Court, Alipore.

AC-Case No. P-...../14

In the Matter of: Petition Under Section 181/191/500 I.P.C.

In the Matter of : Sri Shiv Sankar, Son of B. Chakraborty, by profession– practising Advocate, residing at ... Road, P.S. Tallygunge, Kolkata–700026, District 24 Parganas (South) ... **Complainant**
And Sri SB ..., Son of Late ..., residing at ..., P.S. Garfa Kolkata–700078 ... respondent.

Petition for dismissal of the case

The humble petition on behalf of the disputed titled ‘**Accused**’
Opponent Party

Most respectfully Sheweth :

1. That the disputed titled ‘**Accused**’ name given by the Complainant is peace loving and law abiding citizen of India and the author of books of ‘...’ and ‘...’.
2. That the Opponent Party is a Founder Secretary of one **NGO-“... Society”** registered under West Bengal Societies Act for **old-age-home** which has also obtained its **Logo** Registration Number from the Ministry of Indian Trade Mark Registration and also obtained **80G I.T. Exemption Certificate**, copy of **letter head** attached, marked as **Annexure- A/1**.
3. That the Opponent Party did also register his own self enterprise – **S.B. ...** as Civil Contractor for constructing **old-age-home**, copy of **letter head** attached marked as **Annexure- A/2** on his land which could not be materialised because of obstruction raised by his two brothers against whom the Opponent Party wanted to file a suit and paid Rs. 5000/- advance to the above **Complainant, Sri Shiv Sankar** who could not prepare the petition on receipt of the Opponent Party’s elder brother’s threatening call as political leader. This undisciplined matter was also included in the petition against the above **Complainant** in Bar Council, Kolkata.
4. That the Complainant in his petition Sl. No. 1 & 2 given his

Evolution of Human Beings and Society

professional credential that he is practising as advocate for more than 37 years in good faith and due care with honesty and sincerity for numerous cases in almost all Courts, self and/or as an assistant for attending with the senior advocates. But the Complainant having same age of the Opponent Party forgot to mention his service period in some organisation in legal department which he told to the Opponent Party when both were very close friend disclosing all personal matter to each other's past history of their life. One of his self-confession statement which includes the above history attached with the petition in Bar Council, a copy attached and marked as **Annexure-A/3** which he is now stating as concocted statement in his present petition Sl. No. 3.

5. That the Opponent Party would like to put up some incidences happened before filing his petition to Bar Council that one day the Opponent Party saw his friend, the present Complainant was sitting in the Resident Chamber of one senior panelled advocate from Justice D.K.B & Co., Advocate S.S.M. who was also in a position of Judge for some period (learned from reliable sources), residing in Behala. In his residential chamber, the Opponent Party had been directed by Justice D.K.B. for drafting one petition against one cheater, ... advising to carry cash of Rs. 2000/- but the said advocate very honestly taken a cheque of Rs. 800/- only for draft petition which was not up to my satisfaction. Before filing the Complaint petition to Bar Council against Sri Shiv Sankar the

S Bhattacharya

present Opponent Party shown his petition to Adv. S.S.M. who advised the Opponent Party not to submit any complaint against the Adv. Shiv Sankar stating that he is their advocates' cast and he is coming to him for showing his petition for checking and editing purpose.

6. That other various incidences are mentioned in the self-concession statement of the Complainant mostly witnessed by the Opponent Party sitting in the room of Complainant's new flat.

7. That after last hearing and submission of all documents showing original bills and receipts, the Opponent Party was sure that he will get the order in his fever after 5 Years. But when he received the order on ... 2014, he got shock and consoles himself that remembering Adv. S.S.M.'s statement that nobody can challenge any advocate from advocates' cast. It is obviously one telephone call which can dismiss any case in favour of advocate, evidently the order date was on ... 2014 but order passed on ... 2014.

8. That another incidence of receiving one e-mail dated ... 2014 addressed to the Opponent Party's e-mail no. ... from one junior advocate S. Sarkar of one self-styled senior advocate S. Datta who directed Mr. S. Sarkar to send one draft letter for the Opponent Party's e-mail address to the President, Disciplinary Committee, Bar Council of West Bengal, ... Road, Kolkata-700001 for case no. ... 2008 in the matter of Opponent Party Shiv Sankar. Re: Application for praying for adjournment

Evolution of Human Beings and Society

the above mentioned case matter for about 6 weeks from today, the ... 2014 cause, suffering from high fever and other diseases. Whereas order has been passed on ... 2014, A copy attached and marked as **Annexure-A/4**. This Adv. S. Datta is another commission earning advocate like my friend, Adv. Shiv Sankar when the Opponent Party approached this commission earning advocate, S. Datta as per his advice for filing in National Bar Council, Delhi challenging the final order of Kolkata Bar Council dated ... 2014 he immediately turned back when I reached New Delhi stating that this is Santida's case hence he cannot do it. The Opponent Party got relief from his statement for saving the demand of huge amount by this advocate.

9. That the Opponent Party is attaching one letter for your kind perusal marked as **Annexure-A/5** addressed to Mr. Shiv Datta 6 pages narrating massacre of 5 cases by taking cash money from the opposite party and submitting incomplete petition in the appropriate Court so that the petition will not move for hearing or will be dismissed on first hearing and/or compelled the party to withdraw the case.

10. That referring Sl. No. 4 & 5, the Complainant wanted to prove the Opponent Party's usual insanity due to which the Complainant is taking as the Opponent Party is contriving and intending to injure the Complainant in his profession after a long gap from the date of final order passed on 10.02.2014. The Opponent Party feels some third party is instigating the

S Bhattacharya

Complainant to awake up and hammer the worst victim further, the **disputed titled Accused** who has entered in his parental house after 40 years and landed first in the Court of Law under control of **20% Burgeon people over 80% APL & BPL categories** of people in the present Democratic Society ruling with Autocracy. However, at the present capacity and financial crisis the Opponent Party can beg for apology forgetting all of his losses and due to his insanity as the Opponent Party think did make any harm at all to him. Also pray for dismissing the case and releasing his bond money of Rs. 500/-.

THROUGH PRE-OCCUPIED LOCAL POLICE STATION AND
MAKE THE COMPLAINANT WORST VICTIM LIKE SB**

As per your statement landing in Kolkata from Tripura after completion of LL.B., here you have set up your mind first to

Evolution of Human Beings and Society

capture all Police Stations and next keeping one experienced advocate always with you, who can instantly prepare petition for you to keep someone in police custody and bring out culprit from Police Station. Presently you have kept permanently Sk. A. Ali, sr. advocate who is expert in all type of cases petition, whereas you are '0' in writing any petition in English. You have made tremendous influence with all political parties and with Bureaucratic Circles by fulfilling their demand as and when they put their presence in your chamber and/or call you in their Chambers. I.T. Enforcement and/or C.B.I. will not be able to raid to this Advocate's House for seizing his manually maintained diary where every day he keeps record of day-to-day transactions.

Now SB will go back to 2007 from the introduction by your father-In-law, B. Das, **SB**'s childhood friend to you when you have become very famous and **SB** became regular attendant coming back in Kolkata after 40 years like so many attendants every day. **SB** used to pay cash as and when you demanded for your personal requirement some time for fish, marketing etc. to the tune of Rs. 10,000/- which **SB** got return after few months step by step. Next **SB** have started handing over all of his cases to you presently running three cases which are hanging around on your mercy.

Starting with the current incidences related to **SB**'s renovation of his room, surrounding wall fencing and construction of **Bridhyashram** for arranging Judicial

S Bhattacharya

Magistrate's order u/s 144(2) in backside of his portion and shifting common general toilet/bathroom inside his younger brother's two verandas attached with two rooms near front roadside. As per your demand SB paid you Rs. 2000/- for satisfying Police Station. **SB** submitted General Diary with Garfa P.S. on ... 2015 attaching his letter dated ... 2014 addressed to his elder brother mentioning his characteristic history and you have arranged Court order No. M.P. Case No. ... of 2015 u/s 144(2) Cr. Pc. on his petition prepared by **SB**. On receipt of Court order for enquiry for appearing in Court on ... 2015, but on ... 2015 in dark night could not read and **SB** signed one notice you have sent through Police Courier mentioning wrong scheduled address of premises no ..., Selimpur Road, P.S. Garfa, Kolkata-31 instead of above mentioned address. Next day morning when SB reported to you and you have ignored the matter saying you have already arranged report from Police Station sent through Police Courier early in the morning to the Court. Before hearing **SB** could see the report which stated that it is civil matter and cannot be executed such requirement. But Ld. 2nd Executive Magistrate passed the matter for execution. On your telling SB handed over the original to you but you have managed to keep pending without execution. When SB challenged you why you have taken money then you wanted to refund the money but your assistant, Mr. R. immediately objected saying to refund only Rs. 1000/-. Now **SB** will ask you how much

Evolution of Human Beings and Society

money you have collected from the Opposite Parties for doing this forgery. Next you have advised to file a partition deed and **accordingly SB** prepared partition deed along with chart and two letters dated ... 2015 and ... 2016 addressed to elder brother and younger brother, copy of which you have taken from **SB** to take to O.C. of Garfa Police Station to take acceptance of all brothers instead of filing a suit in the Court which **SB** cannot afford. This time again **SB** made a blunder believing you and you have made this a big deal collecting huge cash from elder brother and every day you are bluffing **SB** saying they have agreed to sign the partition deed as it is whatever **SB** have mentioned but their acceptance stuck up with their advocate whenever **SB** give call to you that remain non responded and when **SB** will meet you, will give number of dates. Now it is cleared that **SB** made a mistake showing his last letter's last page to you wherein **SB** have written to elder brother saying that he is paying cash to all of his advocates to make massacre of **SB's** cases. As per your advice **SB** written one letter dated ... 2012 addressed to One **Joint Secretary, IAS** and handed over to you, and when there was no reply again **SB** written another letter dated ... 2013 in Writers' Buildings address and while enquiring **SB** could find such name is not included in the Secretaries' Register in Writers' Buildings. Herein **SB** is reproducing the same letter for your knowledge.

**SUB : PROPOSED BRIDHYASHRAM FOR SENIOR CITIZENS

This is further to the letter dated ... 2012 on the subject matter. **SB** constrained to write this letter again on the subject matter after failing to meet you on 8th, 9th and on 10th of this month (October 2010) when **Sri S.D.M., Advocate** assured **SB** on 8th day to arrange meeting with you in the chamber on 9th, Saturday at 11.30 AM. However, due to your urgent engagement with some other important works, you will not be able to come and again the said advocate asked me to come on 10th, Sunday at 12 AM. In addition, he told **SB** to bring some cash in advance and **SB** agreed. As per schedule, **SB** attended in his chamber then **Mr. S.D.M.** confirmed **SB** your presence at 11.00 AM in his chamber and on receipt of one telephone call, you left and will be back soon. After long waiting, **SB** entered in his chamber and took possession of one chair where he was chit chatting with his few friends without bothering **SB's** presence. In **SB's** presence, he started explaining his friends that he is going to complete his own construction of his four storied building (Ground + 3) in ... Nagar, posh local area very soon. His influence in all Police

Stations over mobile contacts without entering in Police Stations, entire Bureaucratic Circles and in entire Court areas through all Sr. Advocates. Moreover, earlier he used to tell **SB** that in all of **SB**'s cases he would put Sri ..., senior most Advocate. Now for all new customers he will induce them to make petition in Court of Law and assured them to solve the problem by engaging all renowned advocates by paying very high fees and his own commission collecting from the petitioners, which earlier he used to settle directly through Police Stations. Next, he will do the counselling for collecting undisclosed commission from both the parties. When he has completed all the above lectures, **SB** asked him what you are thinking for **SB** and he told to come to his 'sheresta' in Alipore Police Court at 2.00 PM on ... 2013, where you will be available. I understood that this is another torture, which he has been giving **SB** since long. From the above lectures, I feel he must have heard about **SB**'s appeal to the Chairperson of Human Right Commission where **SB** has given complete details of this advocate, how he is extracting money from the petitioners and the respondents.

SB is giving below his two cases with him as mentioned in the appeal to The Chairperson of Human Rights Commission but Chairperson replied that West Bengal Human Right Act does not accept running case that:

1. Case No. .../Kasba P.S. No. ... 2007 by Complainant :

SB Vs Accused two Brothers, Sri Supriyo and Younger

Brother under Section 156(3) for criminal offence u/s 406 & 420.

Present status of the above Case is hanging around with the present judge without passing any charge hearing order or next hearing date from ... 2012 on word after receipt of PP's report including CD before her transfer to other department. Judge has realized that PP has prepared the report after consulting with respondent's advocate and **SB's** advocate, **S.D.M.** with mutual understanding without accepting his Inducement Statement and **SB's** Written Statement submitted on judge's demand. Now **SB** is planning to withdraw the case. If **SB** succeeds to start construction on the land with the help of local club, "... Club".

2. Case No. .../2012 dated ... 2012 and Jadavpur P.S. Case No. ... 2012 under Section: 420/406/323/504/506(i) I.P.C. dated ... 2012 : Complainant, SB Vs P. Roy of M/s Roy ... Co.

Present status after 10 months on ... 2013 the accused, Pannalal Roy got arrested when SB also did accompanied for hiring sumo, and for arranging lunch and other expenses by spending Rs. 1947/- approximately. For attending on hearing date in Judges' Court, I.O., Mr. ... of Jadavpur Police Station has directed SB to contact their advocate, S. Sardar on **SB's** request. The said advocate took Rs. 3000/- advance on ... 2012 drawn from ATM from my O.D. A/c for engaging sr. advocate for hearing against bail application of P. Roy. Because **SB** did not want his advocate, Sri S.D.M. and/or his panel advocates

Evolution of Human Beings and Society

who filed the petition to the Court. This advocate had prearranged with the accused, Mr. P. Roy for settling the above case without paying any interest on payment of Rs. 1,00,000/-. This matter has been confirmed on hearing date ... 2013 for bailout by the accuser's advocates and questioned Jr. Advocate of Mr. S.D.M., why he did not allow his sr. advocate, Sri A. Ali, who filed the petition, on hearing date. Before this, Mr. S.D.M. had already taken Rs. 5000/- from **SB** through his Assistant, C. Das who came with **SB** inside the bank in advance on ... 2012 drawn from ATM off **SB's** O.D. / c with SBI, Garfa branch for immediate arrest of the accused, P. Roy.

Now **SB** totally heart-broken and at a loss what to do. The above cheater, P. Roy will not make any payment as per his last final agreed settlement, a copy attached signed on ... 2011 amounting to total Rs.../- up to ... 2010, which now increased to total Rs. .../- up to and including ... 2013, interest on O.D. and compensation as per new statement attached. This is after changes from original agreement notarised in Hooghly, Shrirampur Court, a copy attached, signed on ... 2009, for not doing any accounting from February 2010 onward for avoiding disclosure of business transactions related with third parties' business of precious stones, ginger, etc. Presently he is living with his mother in his sister's husband's home which now belongs to his niece, A. Mukherjee whose

S Bhattacharya

father and mother both expired. The home is situated in the joint property of land along with her grand uncles scattered way about more than one bigha with damaged 100 years old houses. Possibly no proper documents are available, which **SB** wanted to develop and partly to make **old-age-home** (**'Bridhyashram'**) through our **NGO**, "**... Society**" wherein this accused P. Roy is also a member as President in the First Annual Return, a copy enclosed. However, P. Roy does not want because he and his mother, brothers all will be homeless position of this land can be traced out through Commissioner of Bhadreswar Municipality for ... Street of ward no. ..., Councillor, Mrs. M... May the victim request your kind intervention to help him to recover his outstanding hard-earned money by making construction of **'Bridhyashram'** for senior citizens?

As per the sixth edition of the Book "Evolution of Human Beings and Society" along with **SB's** letter to Chief Minister giving full details of Kasba Police Station about their **'kharchapani'** with no limit. And few days later, she did reshuffle all Police Stations creating new Police Stations and bringing in Kolkata jurisdiction and stopped entry of all advocates in Police Stations without Court order. Earlier this **advocate, S.D.M.** was keeping his Scorpio car standby for O.C.'s use that also has been withdrawn before that reshuffling. But presently the old systems again introduced by advocates.

Evolution of Human Beings and Society

Mr. S.D.M., you have no feeling of humanity for senior citizens that is the reason why you are torturing **SB** in all respect calling **SB** at your Ajay Nagar home chamber asking **SB** to wait hours together to receive your negative information in one line for waiting your commitment result for indefinite period for collecting money from Opposite Party and for the last few days you are not picking up the calls.

Now **SB** requests you to please hand over his following case files with NOC.

1. AC/... of 2007, petition signed by B. Dey, demised, next hearing date ... 2016
2. AC/.../2012 dated ... 2012 and Jadavpur P.S. case no.../2012 under Section 420/406/323/504/506(i) dated ... 2012, petition signed by Sk. A. Ali
3. A/C/.../14, petition filed by Adv. S. Narayan u/s 181/191/500 and for dismissal of the case, petition filed by **SB** on ...2016 and next hearing date fixed for ... 2016.

Yours truly,

N.B.: If you are unable to take signature on partition deed and on partition chart from two brothers within 7 days from the date of receipt of this letter **SB** will have no other option but to distribute this letter to all of your known advocates in Police Court, Judges' Court, Bankshal Court, High Court and all Police Stations.

Sir,

SB received his copy of the subject Assignment Letter on ...

After 15 days when **SB** enquired about the submission of the
petition then he said that he has to do very hard work on this
petition and he demanded advance money of Rs. 5000/- to Rs.
6000/- which **SB** agreed and requested for 7 days for
arranging from third party since **SB** landed in below poverty
level (below Rs. 50,000/-) as per councillor's certificate on the
basis of his letter with income details. And after this for

SB is attaching herewith his application and copy of

On ... 2016 **SB** reminded him for NOC and to refund his payment of Rs. 5000/- through his mobile which has been recorded in his mobile. immediate action to give result/justice and Final Order as per your commitments. **SB** further landed in financial trouble due to non-payment of his MIS of Rs. .../- from Rose Valley on Deposit of Rs. .../-. Mr. S.J., Publisher and your Group Agent, Mr. S.M. alarmed me and advised me to withdraw all of my Deposits in Private Companies on 15% commission to the Committee established by MP, Sri ... and other MPs/MLAs as per all companies terms and conditions by which **SB** will lose sufficient Principal Amount. And **SB** have no capacity to file a suit at the moment. **SB** did send one mail on ..., 2014 attaching two letters one for Sri Sankar Jana on ... 2014 and one for you on ... 2014 and on ... 2014, which now revised as mentioned below :

Before proceeding to Delhi for publication of the Book **“Evolution of Human Beings and Society”** during last Durga Puja, during ..., 2013 **SB** got message from his Angel that **SB** is going to meet one well wisher who will give **SB** power to solve and fulfil all of his problems and my mission to establish **Bridhyashram**. And that message becomes true when **SB** met Didi, your Wife in the place of Sri Krishna Temple **“DELHI ISCKON GUEST HOUSE”** where **SB** also got one single room booking being a life member. You welcome **SB** in your room where she gave full confidence that you will solve all of **SB**'s problems and listening your appraisals about your contact and influence with **Chief Justice, Mr. ... of Supreme Court of India** with whom you are joining in weekly meeting

Evolution of Human Beings and Society

also and accordingly **SB** have accepted your all demands without any hesitation for settlement of his individual cases on merit and made 100% advance payment to you for the below mentioned Cases and to the **Publisher, Sri S.J. of B.C.C./B.T.M.** introduced by your trusted **Commission Agent, Sri S.M.** From your this trusted **Agent** came to know that he did arrange huge money (more than Rs. .../-) from his parents for you for the last two years to move his parents' Case to Supreme Court from High Court and he also managed to get good amount of commission. **SB's** cases are given below for which you have collected huge commission directly and through your **Agent** keeping **SB** as **Hallal Bakra**:

1. First : Publication of **SB's** Book in three languages for which you have given me your trusted **Group Agent, S.M.** who did arrange one **Publisher, Sri S.J. of M/s B.C.C.** who made **SB** most unhappy after receiving 100% money for three languages of the said Book for 100 copies each including editing, translating, media circulation and launching in Book Fair since ..., 2013. And from this 100% payment all of you got your share of commission. The said Publisher sent a message through the said Agent that Proof Reading will be ready by ... 2014. But more than one year running, the **Publisher, Sri S.J.** who is under control of Government's CCTV Camera will not be able to publish **SB's** Book. And finally as per your instruction to your Agent who advised me to give one letter which I have given on 31.07.2014 a clearance letter for putting

my name, **S.B. as Publisher in place of 'B.C.C.'** but after on priority will be first of finalisation of Builder's acceptance of making construction of **Bridhyashram** in **SB's** land from Builder's allocation of 55% including **SB's** 5% relief given by all owners to **SB**. But he has become **Revenue Cancer Patient** and cannot share his Commission with others, your linked persons who have handed over **SB** as **Hallal Bakra** to **Mr. S.J. of B.C.C.** **Mr. S.J.** has arranged Financier and Builder for **SB's Bridhyasram** as **Agent** for earning huge commission out of profit after which he has to share to you and to your Group Agent, Mr. S.M. Now **SB** could realise after joint meeting with **Mr. S.J. and Builder, D.B** on ... 2014 that he will prolong his negative attitude for not constructing the **Bridhyshram** and publishing the **Book** till ... 2015 and ... 2015, which he uttered in between discussion in the meeting. **On ... 2014 Mr. S.J.** sent a message to your **Group Agent, S.M.** with a copy to **SB** stating "**Dear Mr. S.M., please discuss with S.B. regarding his Construction. Any voluntary help SB will try his level best. SB will call you ... 2014. Next sitting time ... 2014 PM at any venue as per your decision. Please take necessary steps as early as possible. S.J.**" On ... Dec. morning **SB** contacted your Group Agent, Mr. S.M. who replied that he doesn't know about the message but he will check and inform me accordingly. Now **SB** was sure that you must have informed your Mr. S.J. through your Group Agent, S.M. not to process any of **SB's** matters.

2. Second : Self construction of **SB's** Joint Property Land – Case No. WP/...w submitted on... 2013. **SB** was expecting as per your commitments after one or two hearing at least in the month of ..., 2014, **SB** will get the final Order. And **SB** paid you 100% money of Rs. .../-. But because of your bad intention, Petition signed by **Adv. N.N.B.**, your Senior who did say that he has only signed without going through the Petition on receipt of his fees. Next you have given to your Junior without attaching the detailed list of Annexure- 'A' & 'B' along with documents and result of which on Motion Date ... 2014 your Junior, S.S. could not submit his argument and Opponent Parties took the benefit of incomplete Petition and did not appear on that date. **Petition filed on ... 2014 & motion held on ... 2014.** As per Younger Brother's report the above Petition will not appear in the court as their Advocate managed with manipulation and settlement with you by paying huge lump sum money before submission of this Petition. Your Junior, S. Sarkar advised by spending Rs. 2000/- **SB's** case can be put in other Court where daily position can bring faster result with final order. When **SB** requested him, he told that he cannot do if you do not give him permission which **SB** told you and you replied next month that case will be shifted and that way the Petition is hanging around for indefinite period. Presently you have managed to keep all of your Senior and Juniors in your confidence and instructed not to keep any contact with **SB** and not to attend any of **SB's** cases. Now **SB** would request

you to please make two money recovery suits, one for construction of Building by **SB's** own Licensed Enterprise, M/s S.B.C. Services on our Joint Property Land for which SB already spent totalling to Rs. ... up to and including ... 2014 against two Brothers outstanding comes to Rs. .../- for Sri **S.B.'s** Younger Brother and Rs. .../- for Sri S.C.B. **SB's** Elder Brother. Another recovery suit against Sri S.'s. Younger Brother for lending Business Loan which now comes to Rs. .../- till ... 2014.

3. Third : KWEIL – Kolkata Weir Industries Limited, Diamond Harbour where you have sent legal notice and acknowledgement received. **SB** have already submitted his Write-up along with Statement of outstanding up to ... 2014 including principal based on which you can move to appropriate Consumer Court claiming compensation for monetary hardship and mental torture to one Senior Citizen. **Petition will be submitted on ... 2014.** Since **SB** came to know that in this case, you're one another Agent, Typist sitting in Judges' Court, Alipore, who arranged Advocate after taking all filing matters from SB and forced **SB** to pay as per his demands from which he has to pay your commission. And as per your instruction, Agent Halder did not follow up for disposal of summon to the opponent parties for which **SB** gave him Rs. .../- and further money of Rs. .../- to give to filing Officer. When **SB** enquired, he was shouting on **SB** saying all summons have been sent, don't remind him in time to time.

Evolution of Human Beings and Society

But SB did not believe, next day SB enquire and paid further Rs. .../- to the filing Officer and he immediately dispatched all those summons. Since the above Petition was redrafted and printed by SB spending total amount of Rs. .../- including Rs. .../- paying your Fees and to other Advocates for attending all hearings. Therefore, SB decided to contest his case on his own without contacting your selected Agents.

4. Fourth: Cheater, Pannalal Case on ... 2014 after filing Petition No. ... of 2014 against P.R. in National Consumers Disputes Redressal Forum with reference of rejected orders of our Petition against P.R. State Consumers Disputes Redressal Forum. All related documents SB gave you in the month of ... '14 for filing in State Consumers Disputes Redressal Forum details mentioned in the mail of ... 2014. In this case SB redrafted, printed and submitted the Petition to you for submission to the Forum for which taken your Clerk with SB on ... 2014. For both the Petition you have taken signature of **Adv. N.N.B.** But on admission hearing date you could not put up his case properly because you did not study properly therefore the Judge taken 10 days for study and given next admission date on ... 2014. And he did not listen anything for hearing and straightway given his verdict of rejection. SB spent total Rs. .../- including your 100% fees of Rs. .../- with all expenses. Next you have decided to put up in National Consumers Dispute Redressal Forum, New Delhi and asked SB to join on ... 2014 to file the above case challenging to the

rejected order of State Consumer's Disputes Redressal Forum. As per your typist while copying from **SB's** pen drive and doing retyping in your presence you have asked him to delete two paragraphs viz Fixed Assets Statement and **SB's** First Advocate Notice for payment of his outstanding. While checking retyped Petition with the documents **SB** found the above documents deleted that two paragraphs and again **SB** made for inclusion in the Petition. Till ..., 2014 **SB** spent total Rs. .../- including additional fees of Rs. .../- to you and his expenses for attending the dates of hearing. Out of Rs. ... Rs. .../- given to you and Rs. .../- given to Adv. N.N.B. for Advocate Security by Postal Order which was false requirement when **SB** came to know from Filing Officer that there is no such requirement for submitting this Petition in NCDRF, New Delhi. Factually the further payment of Rs. .../- fees was not required when I have already paid in the State Commission. Few days back **SB** came to know that you have left for Delhi and on hearing such news **SB** is living with anxiety that you must be trying to contact all Opponent Parties to make lump sum deal to massacre his case like his Brothers' case above irrespective of his commitment to pay 5% on total receipts for this case. On ... 2014, admission date, **SB** was not allowed to be with **Adv. N.N.B.** to listen his hearing version but **SB** have heard that he is requesting for long days to make the documents and the Judge given six and half months i.e. on ..., 2015. Now **SB** would request you to please

Evolution of Human Beings and Society

advise him to give the copy of one Judgment which you showed SB on ..., 2014 similar **SB's** case and copy of Condo nation letter which **Adv. N.N.B.** taken back from SB to put up request application for early hearing. **SB** is again confirming by increasing his lump sum payment of 10% after realisation of his final receipt amount. If you want, **SB** is prepared to sign any agreement on this commitment.

5. Fifth: Case No. A/C - ..., Petition submitted on ... 2007 against J.P.B. for which you have prepared an application consulting 3 and 4 other advocates for contempt of Court under section 226 of the Constitution of India in the matter of **S.B.**, Petitioner Versus The State of West Bengal and Officer-in-charge, Dum Dum Police Station without mentioning the main victim's name, J.P.B. For this you have demanded Rs. .../- but while filing the Petition you have expressed that **SB** need not be present for filing the Petition. So that what will be the outcome is beyond his thinking. For preparing this Petition **SB** have spent Rs. .../- for collecting certified true copy of total Orders passed on different hearing dates, original of which **SB** has given to you and you are not prepared to give him back. For getting this certified true copy, your linked Agent, Sri D.D. who demanded Rs. .../- because he has to give commission to you. **SB** requests you to please rethink about this matter because **SB** not in a position to spend any further amount on this case. If possible, make a money recovery suit.
Thanks and Regards.

sum rate of Rs. 6500/- per head accepted for the complete two packages tour and other side jurists are making cost analysis to give refund to the 7 tourists for their satisfaction. And **S.B.**, having no support from club members has to give away the following amount spending from his pocket for completing the two package tours @ Rs. 2367/- per head for two packages including further penalty of Rs. 9500/- details of which are given below :

1. By mistake, amount shown as receipt from 7 tourists = Rs. 8000/-
2. Further cash withdrawn from ATM & spent for tour expenses could not accommodate in the statement = Rs. 8000/-
3. Further penalty if paid after cost analysis

Total extra contribution to be made by S.B. = Rs. 25500/-

Hence actual payment received Rs. 37570/- plus direct spending Rs. 4500/- will be reduced to Rs. 16570/- after reduction of Rs. 25500/- as against total package amount of Rs. 45500/-. SB again has landed in financial trouble for helping one needy person for his trading business, who later on has

established as a great cheater and has prepared his confession statement as mentioned below:

SELF CONFESSION OF ONE CHEATER

I, Sri Cheaterlal, owner of M/s Trading Company hereby confess that on ... I gave call to Sri **SB** whom I knew from Chitta Ranjan Park Kali Bari, where, both were staying in room no ... dormitory and both became very close relatives as uncle and nephew. Later on changed to Rs. 25000/- p.m. again I requested for further two lakh rupees but **Sri SB** insisted for the agreement to be notarised at Shrirampur, Hooghly which has been done on ... 2009. While drafting the agreement I have changed the payment terms as 40% profit to

Evolution of Human Beings and Society

Sri SB and 60% for me instead of Rs. 25000/- P.M per one lakh to **Sri SB** shown in agreement then I have to change the agreement when profit sharing system to be considered **Sri SB** as my partner and accordingly following terms and conditions have been agreed.

- 1.** The borrower has agreed to receive the said advance amount from the lender for his trading business of agricultural products and other miscellaneous products as per consignment value basis on condition that the repayment of the loan received from the lender to be repaid @ 25% per month on 30th of every month. Lender has also agreed to give all assistances like business partner to the borrower for procurement of agricultural products and other miscellaneous products jointly or singly by involving himself in entire business transactions. The borrower should provide an advance payment for all expenses to be incurred by the Lender.

4. In the last page of the agreement both parties have signed the oath and affidavit stating that we will not hide anything while dealing in the business and/or will not make any false excuses for delaying the repayment of bank loan to avoid tension between the parties. After registration of the agreement, **Sri SB** had withdrawn from his SBI O.D. a/c for Rs. ... Totalling Rs. 300000/-. Grand total Rs. 600000/-. Since I was penniless to start my business because of my brother-in-law's cancer treatment, who then expired. After receipt of this money I could regain my business strength but again my sister's cancer treatment was disturbing my business concentration, which I could not bear and finally discussing with doctor we did start giving her high dose of sleeping pills when she used to suffer unbearable head ache. Before starting this treatment, all of our home members arranged transfer her husband's property, where we were living, in our name taking her signatures on the documents. One day we have increased number of pills by which she fell on comma and 3rd day, on ... 2010 she expired. That day I was terrifically under tension for delay of doctor's arrival for issuing death certificate after verification, which took more than one hour because doctor was also in tension for issuing such certificate. Somehow I got relieved after completion of funeral work in electric burning Chula. Now I feel like bird and with full concentration my business started flourishing in full swing and I am paying every month Rs. 25000/- to **Sri SB** part by part. My luck started favouring me in all respect after getting new business

i.e. one stone field in Rajasthan belonging to father of Sri Gulmohar. I have been invited to visit the site of that stone field. Initially while visiting their stone field I have collected some stones weighing 19 kg which after cutting 4 kg precious stones (Jewels) have received after paying Rs. 45000/- to Mr. Majender Bahel for his cutting charges. All those stones I have disposed off in Jaipur, which I did not disclose correctly to my partner, **Sri SB** till date with bad intention. Next when Gulmohar and family making a lease agreement for 99 years of stone field of 10000 sq.ft. Between Shivlal, landowner and I, Sri Cheaterlal as execution activator for collecting stones. And another agreement between 4 partners namely Gulmohar, I.K. Chohan, R.R. Chohan, Son of J.K. Chohan, Ram Bihari, stone cutter and I, Cheaterlal for investment and execution. I have already invested for the followings:

1. Registration Rs. 90000/-
2. Labour charges Rs. 80000/-
3. Tube well & other infrastructure Rs. 75000/-

From the sources of income from old stone sold money. When lease agreement draft and registration taking time, I have collected further huge stones and dispatched by two car dumping in the backside of the car to Sri Majender Bahel for cutting and making jewels. I paid further Rs. 110000/- to Ram Bihari during April '10. I did inform **Sri SB** that if Gulmohar and party failed to make proper agreement for giving me lease of that land for 99 years on my name for my security then I am

113 going to dispose those collected stones. And I will be able to earn one crore rupees from which I did promise to pay **Sri SB** over telephone Rs. 2500000/- and for confirmation I have signed file note on ... However, as per Minerals' Act, Government should get 26% royalty. I am making delay to dispose of those jewels out of cutting stones for high rate at common wealth game during October '10 when rate will be high on arrival of foreigners. At present I have kept all the jewels under my custody. Now I am refusing to give stock value to **Sri SB** saying I do not want to take risk of disclosing the present jewels' value due to fear that may reach to Sri Gulmohar.

Now I am diverting this matter to one another new deals to **Sri SB**, i.e. taking one tea estate near Darjeeling by arranging foreign fund worth of one hundred crores of rupees from one international don and party. For this new deal, new company has been registered in Delhi by name M/s Devanan Tea Estate Private Ltd. with the following members namely : K.P, Agarwal, Dipak Agarwal and Cheaterlal. New bank a/c with Oriental Bank Ltd. for entering into all these by depositing Rs. 50000/- by me on ... 2010 and by others for entering into all these new assignments. I have arranged to make one reserve fund depositing huge money in M/s Bank of India, Rishi Bankim Avenue, Bhadreswar a/c no... This deposit money includes total collection of money from jewels sold in Jaipur, and from ginger trade during ... 2010 to ... 2010 and disposal value of my

wife's parents' land, 1 Bigha 8 Chhatak near Hooghly railway station. And further I manage to make one sale deed of another plot, 3 bighas, near Hooghly station belongs to my wife's parents' land, which I have shown to Gulmohar's representative who visited and witnessed that land, and taken a copy of sale deed by that representative. During this period, I was running again short of fund for my day-to-day expenses while staying in Delhi. For all the new deals, I have again started putting pressure on **Sri SB** for further fund. I have again started taking from Mr. Kalam Das, whom I treat as son of a bitch (dog) and this I have told to **Sri SB also**, when he was started enquiring about my movement and telling that he is not getting his huge due amounts from me. Practically I could manage any time any place just giving few hours in any 'mandi' by purchasing and selling agricultural products, but due to fear from Sri Gulmohar, I could not do so, reason I have promised that I will close my **M/s Trading Company** and will never remain busy in such trading job. Accordingly I did inform **Sri SB** that I am going to hand over the trading business to my brother and **SB** to cover my total outstanding dues of about Rs. 6000000/- to **Sri SB**. After finalisation of accounting without stock which I am not willing to do and avoiding to meet him by telling lie every day and twisting him by giving various fictitious news about my progress from which he will also become 'crorepati'. This has been conveyed through Dr. Marric Dirchi, who is also one of

the party in our various deals and I also confirmed to **Sri SB** that I want him as my mediator since I am academically very poor to communicate anything in English to others and foreigners. So long, I have been waiting for their arrival in our Common Wealth Games during first week of August '10. However, under pressure, I have signed statement of accounts up to ... 2010 on ... earlier when I took fund of Rs. 300000/- I have committed that I am going to supply fifty 50 trucks of gingers which will give us net income of Rs. 1300000/- out of which **SB** will get 50% share about Rs. 600000/- and including this **Sri SB** will get total of Rs. 1800000/- excluding Rs. 2500000/- out of Rs. one crore shown as stock in hand on ..., 2010 and has been signed on ..., 2010 statement including trial balance and confirmed vide file note signed by me on ... 2010 for disposing of jewels out of stone collected from Gulmohar's stone field in Rajasthan after common wealth game period. Today on ... 2010 early morning **Sri SB** arrived in my room for urgent need of Rs. 300000/- for which I issued one post dated cheque of dated ... 2010 from my savings account no. ... I cannot deny that all of my business growth and all these new business deals happened only because of contributions/ investments received from **Sri SB** right from October 2009 and continued till now by which I have regained my strength and could manage to long pending marriage on 2010 without informing anybody including **Sri SB**. However, **Sri SB** did know all these matters from my family members. After

marriage, I have become owner of one new flat in Chandannagar & various lands. But I have given all false addresses to **Sri SB** so that he cannot find out about my new ownership.

**Sub: Huge Cash Transactions in the Year 2011
through Mr. Cheaterlal**

The undersigned, Sri S.C. Bhatt, business partner of Mr. Cheaterlal hereby submit some facts and figures in support of the following documents and there after latest conversations and incidences since January '11.

1. Latest self confession statements of Mr. Cheaterlal signed on ... when he issued one post dated cheque of Rs. ... for dated ... drawn on UBI, New Delhi, from his a/c no. ... which has been deposited on ... and due to insufficient fund, the cheque has come back with note from bank on ... And also a copy of translated in Bengali of his self confession statements dated ... which has been sent by registered post with A/D on ... to his mother & to him jointly with attaching the followings:

Evolution of Human Beings and Society

sale of precious stones out of which Rs. ... to be given to Sri S.C. Bhatt after sale of precious stones during Common Wealth Games. Detailed statement given in self confession statement mentioned above.

3. A list of Fixed Assets worth of Rs....statement signed by him

4. Copy of Partnership Agreement notarised on ... during 2011, Mr. Cheaterlal informed **SB** that he is going to get three and half crores rupees and there after rupees five crores through Hundi In Barabazar area. After distribution to all parties, he was going to clear my outstanding from his share. On ... at 11.40 night through his mobile no. ..., now changed through portability to Vodaphone as informed, that he is going to receive the entire cash on ... and called me to wait in Howrah bus terminus at 2.00 PM on ... for handing over some cash against my outstanding. But I was waiting till night up to 9.00 PM and again he gave call at my residence at the same night 11.00 PM confirming that he is going to come to my residence next day on ... at 2.00 PM to 2.30 PM to clear my dues.

Another bluff, and ultimately he switched off his mobile.

During ... '11 onward, he started cooking up new story that he is going to get his share from the Delhi party after clearing some documentary evidences, which took more than one month. Ultimately, from his various cooked up statement, his entire group is under net of CBI cell in 2G scam case. The undersigned being a business partner of Mr. Cheaterlal wanted to catch hold of him for collecting various new

S Bhattacharya

agreements with M/s Gulmohar's family members whose residential address is at ... Delhi, contact no. ... and with other parties mentioned in his confession statements. On ... I along with some of my friends have raided his house but he was absconding and he never turned up in his residence due to his mother's warning till he clears my outstanding. Time to time he used to inform me his development that he was staying with his fiancée in Hooghly and later on got married mentioned in his confession statements, possibly another bluff and again he has informed that he has done his new house entry ceremony where he will invite me on some day. From his statement, I have come to know that some family members, brother/sister of Mr. Gulmohar are working in some ministerial departments namely Miss Mira Kumar who was also staying in the same address of Gulmohar's family, i.e. ... New Delhi but presently shifted to some Government quarter in Lodi Road area. Since Mr. Cheaterlal was also under CBI net, his all bank accounts, PAN Card, etc. have been ceased. Accordingly, Mr. Cheaterlal collected all of my bank accounts with UBI, SBI and with Axis bank where his Delhi party will remit directly in my accounts. I understood it is another bluff when I asked for e-mail message confirming date and value of each remittance and could not send. From ..., 2011 onward he confirmed on ... 2011 that he has submitted all his papers and CBI Officer has given him a copy of clean certificate, after CBI got clearance from Home Ministry, of which one copy to him and others to

Evolution of Human Beings and Society

his counter party and to the respective banks by direct mail. Then he again twisted the earlier statements that now all remittance will be transferred to his accounts and he will be allowed to remit from his accounts to my accounts by date ... Since ... 2011 onward his mobile was switched off till ... 2011 and on ... 2011 morning at ... AM he rang me on his mobile and informed me due to Ram Navami in Rajasthan all banks are closed and remittance cannot be made. On ... morning he again rang up and could not make transfer due to non-receipt of CBI clean certificate in his accounts and confirmation of money transfer in his accounts with UBI and in Axis Bank. Mr. Cheaterlal has further informed that he will be for one month in Rajasthan. Again he rang up at ... night on ... and confirmed that he has put 3 post dated cheques of Rs. ... each in his a/cs with UBI, deposited in Rajasthan branch for transfer on my 3 a/cs with UBI, for value date on ... Out of my 3 a/cs, one is fully utilised O.D. a/c of Rs. ..., one S.B. a/c balance of Rs. ... and one my company a/c of balance Rs. ... Next on ... will go to Axis Bank to check his a/cs status. Further payment he will make from Axis Bank a/cs for value date on ... Then he will check his Delhi parties for remittance after they receive CBI clearance certificate.

Now I understood why they have taken all of my a/cs with UBI, SBI, Axis Bank, which is mostly O.D. a/cs and savings a/cs with very low balance for purpose of ceasing because I have threatened Mr. Cheaterlal I will put the case to CBI.

S Bhattacharya

Mr. Cheaterlal academically very poor but he understands English matter after listening from some one's reading and he will ask to change for corrections wherever he wants. His confession statements also he has changed several times through me lastly, he signed on ... He has also given me his authority letter of all a/cs with UBI, Axis Bank and Bank of India for taking out statements for accounting purpose. Bank of India did refuse to give statement of accounts because there is a pass book, which shows only Rs. ... when he did open a savings account. He never updated the pass book as he has told that the entire business income he has deposited in that account as security deposit for those business deal with M/s Gulmohar and parties. But, ... word there is no contact any more till date.

Yours truly,

Encl: as above

The humble Amendment of Paragraph No. 7 of this petition

Most respectfully Sheweth :

1. That your Applicant states that in the year 2013, October,

“ISCON” Guest House the Applicant met one guest, Smt. ...
Roy, wife of Advocate, Mr. S.D., whom he addressed as Didi,
in the same Guest House in ‘Bhog Seva’ place. The said ‘Didi’

S Bhattacharya

told your Petitioner that his all problems will be solved by her Husband, Mr. S.D., Advocate, and invited the Petitioner in their Room of ISCON Guest House. The said Advocate, Mr. S.D. first started giving his appraisal of his credential about his high contacts with all senior advocates and highly influential people of Supreme Court of India with whom he used to join in weekly meeting, etc.

2. That the said Advocate assured the publication of Books– Revised 7th Edition of “**Evolution of Human Beings and Society**” and by calling his Group **Agent, S.M.** inside Calcutta High Court informing him to introduce the **Complainant** with **Sri ..., Publisher and Editor, Opposite Party No. 1.** They all together share their respective commission from the payments received from parties charging more than double rates of other Publishing Houses’ rate. This Publisher, **Opposite Party No. 1** does not have his own infrastructure to complete the respective jobs which are done by hired expertise on commission. For the purpose of recording the above statements the **Complainant** sent one Final Request Letter dated ... 2014 to the **Advocate, S.D.** giving complete details of his extortionate activities in respect of Petitioner’s five legal cases including this publication of **Books.** On receipt of this Letter the said Advocate did not send any solution or any contradictory reply to the **Complainant.** Copy of the above Letter attached and marked as **Annexure-A/1.**

Evolution of Human Beings and Society

3. That the **Complainant** submits the followings about the above mentioned **Book “Evolution of Human Beings and Society”**.

(a) This Book is written for **80% BPL & APL Categories of People** because democratic Government’s Development Activities are only for **20% Burgeon People**. This Book is to make revolution of **Human Culture** to build up **Socialistic Pattern of Society**. Indian Democracy is resisting **Right of Expression**. Some well-wishers of the **Complainant** are warning that the **Complainant** may be kidnapped or taken away from the social atmosphere and thrown to the Encounter Squad to eliminate permanently.

(b) The **Complainant** has established one **NGO “... Society”** for arranging **Bridhyashram** for senior citizens in urban/city and village with cheaper rate where those are thrown from house or getting ill-treatment from their own kith and keens without Government’s support. As per Sri ..., **Opposite Party No. 1** who expressed present Government’s displeasure about this **Book** and unable to publish as it is without deleting some matters. About the above mentioned **NGO “... Society”** got its **Logo’s** Trade Mark Registration Number for which **Sri ...** demanded Rs. .../- which is more than double as per registered Agent’s rate.

(c) The **Complainant** for making this Book strong and worth accepting sent one copy of this **Book** to one renowned South Indian Journalist and Writer who is busy in research of

S Bhattacharya

Kolkata History living alone for the last 60 years in Kolkata for his valuable Foreword. But after ten days he returned those two Books giving some incidences of democratic torture where writer like the **Complainant** also cannot live in peace.

4. That the **Complainant** through one letter dated ... 2014 addressed to M/s... Corporation, Attn. **Sri ...** and copy to Advocate, S.D., and Sri ..., **Group Agent** made a request letter for draft agreement of ... copies of **Books** in three languages and change of format. Copy attached marked as **Annexure A/2 (a)**

5. That **Sri ...**, **Opposite Party No. 1** sent one e-mail on ... 2014 in reply of the **Complainant** letter dated ... 2014 and ... 2015 & e-mail dated ... 2014 giving various reasons simply to delay the process and reluctant attitude for not publishing the Books. Copy attached and marked as **Annexure-A/2 (b) (I-IV)**

6. The **Complainant** sent another letters as per advice of Advocate, S.D. through his **Group Agent**, Sri ... dated ... 2014 to **Sri ...**, **Opposite Party No. 1** for changing publisher name as S. Bhattacharya, i.e. the **Complainant's** name who has got ISBN No. ... for publishing **Books** in ten languages in place of M/s Bengal Creative Corporation on the terms for confirmation and/or acceptance of the builder/developer for construction of **Bridhyashram** on the **Complainant's** Joint Property first. As a result that Sri ..., **Opposite Party No. 2** is suffering for not getting his final payment. On ... 2015 the **Complainant** issued one advance Cheque No. ... for Rs. .../- from his O.D. a/c with SBI, Garfa Branch in favour of Printer for making one copy for Proof Reading after book setting and another Cheque No. ... drawn on SBI, Garfa Branch for Rs. .../- on ... 2015 for printing and handing over to Binder for binding and next on ... 2015 the **Complainant** sent a stop payment letter to Bank when he was not getting any responds from Printer's Mobile for informing the total massacre in printing of **Books** on ... 2015 after taking delivery from the Binder at night. As per Printer's request and commitment

that he will reprint as per original, accordingly the **Complainant** did send one e-mail on ... 2015 attaching his setting proof reading Books including original Photograph of Mahasveta Devi (JPEG & Tiff form). Since the **Complainant** urgently requires the reprint of earlier printed 20 Books, the Printer personally came to the **Complainant's** house and taken those 20 **Books** of each "**Indian Democracy**" and "**Evolution of Human Beings and Society**" on ... 2015 to be given back to the **Complainant** on or before ... 2015 before his leaving for Delhi. After taking Book setting Printout and handing over to **Sri ...**, **Opposite Party No. 3**, the **Complainant** requested for draft agreement for finalising the above Books in three languages. But he did not give that draft agreement and finally putting the **Complainant’s** own name as Publisher, the **Complainant** given for Printing to Printer, **Opposite Party No. 2**. But **Sri ...**, **Opposite Party No. 3** of knowledge Publishing House has taken 5 copies of each Book with one Banner for displaying in his Stall No... in Kolkata Book Fare and in Stall No... in Delhi Book Fare for selling. The **Complainant** witnessed the displayed **Books** in both the Book Fare in Kolkata and Delhi. But there is no news of selling Books. When tried to contact, there is no responds. On trust and belief the **Complainant** signed the letter but when the **Complainant** asked for about **8th Edition** then the **Opposite Party No. 1** cut a sorry remark and tear of the letter in two pieces for making new Letter. Sir,

SUB : REQUEST TO ISSUE TAX CLEARANCE

CERTIFICATE FOR PREMISES NO...

ASSESSEE NO...

While on the subject **SB** have submitted all relevant tax paid receipts and earlier Tax Clearance Certificates in original issued on ... and on ... against our above mentioned two premises. But concerned officer, who is issuing Tax Clearance Certificate, again issued LOI dated ... for payment of difference for an amount of Rs. ..., which has been paid by **SB** on ... Likewise **SB** paid earlier LOI payment of Rs. ... on ... for Tax Clearance Certificate twice on the same Assessed No. ... **SB** is further submitting herewith all the relevant receipts pertaining to years from 1995 to 1999 for your kind checking and refund. After payment of LOI, concerned officer advised **SB** to go to the Dy. Assessor/Collector to request for issuing Tax Clearance Certificate on manual system instead of Online System. But Dy. Assessor insisted for GR which was pending for two subsequent periods of ... 2001-2002 and 2/2007-2008 for Assessed No. ... and for Assessed No. ... or period of .../ 2007-2008. This GR process took more than a month. When Inspector came to inspect both the Premises, status quo was same as it was in the year 2007 when last Tax Clearance Certificate was issued. **SB** did receive the notice of hearing date for GR on ... On the same day, after completion of GR hearing process in the Cabin of Hearing Officer where the

S Bhattacharya

Inspector and one Accounts Officer were also present with all their calculation sheet that was beyond SB's understanding. Later on SB found my appeal to the Hearing Officer gone in vain when SB received the **RATE CARD** and Property Tax-supplementary Bill of Annual Valuation which has increased 4 times higher than earlier Rate of Rs. ... for Assessed No. ... and for Assessed No. ... Present valuation become almost double than earlier Rate of Rs. ... Supplementary Bill copy also attached herewith. However, the concerned Tax Clearance Certificate Issuing Officer did confirm me that generally after GR annual valuation increases 10% only. SB is constrained to highlight the incidence occurred in the cabin of Dy. Assessor in front of few accounts people on ... stating herein below:

After entering in Dy. Assessor's Cabin **SB** tried to convince him for issuance of Tax Clearance Certificate on manual system to get the certificates early to hand over the premises to the Builder/Promoter for constructing Bridhyashram for which **SB** registered one **NGO** and applied for **80G** for donation. In support of **Bridhyashram**, SB did show them one Banner of his own published Book "**Evolution of Human Beings and Society**" incorporating one letter addressed to Prime Minister sent on ... for launching in Book Fare from ... To ... In that letter, **SB** mentioned 99% people are vitiated under control of self-centred power crazy dirty politicians. **SB** is attaching this Book and copy of letters to Prime Minister for your kind perusal. This Book is in Part- I and Part- II based on true story

Evolution of Human Beings and Society

of **SB (Sukumar Banerjee)** whose one of the miseries mentioned in page ... & ... of Part- II for mutation in Kolkata Municipal Corporation (people named “Chorporation”) mentioned in page No. ... of Part- I of this Book. **SB** has also become worst victim under the governance of Kolkata Municipal Corporation. To maintain the cleaned and disciplined governance of **KMC** like commercial organisation **SB** feels that the autonomous **KMC** Act should be amended as mentioned below :

1. All employees will be given Electronic Punching Card to enter in the office in time to maintain the disciplined attendance.
2. Smoking should be totally banned in the office premises where non-smoking people become sick during the time they remain in the office for business transactions. For unavoidable circumstances, smoking people should use Lavatory Area only.
3. In the office, there should be one Customer Care Centre where new people should seek help for completing the required subject matter without consulting agents who demands 3 to 4 times money on actual cost of each subject matter. These agents distribute 25% money under the table of concerned officer from extra money they collect from customer and 75% retained by them. **SB feel entrance of all agents in the office premises and their authorisation be abandoned immediately.** Under the unavoidable circumstances, if land

S Bhattacharya

owner unable to present himself in the **KMC** Office can authorise his next nearest relative with proper ID proof and/or alternative that land owner can request over phone or letter to the customer care centre to provide person on chargeable basis. Under the above circumstances, SB requests your good self to be kind enough to consider his case sympathetically and give proper justice so that **SB** can proceed for constructing the proposed **Bridhyashram?**

Thanking you,

Sir,

SUB: REVISED FIFTH EDITION OF MY BOOK

“EVOLUTION OF HUMAN BEINGS AND SOCIETY”

Submit with all humility that I have made a humble attempt to portray in the Book captioned above, copy enclosed, and the malice which has gripped our ‘Mahan Bharat’. I have also brought out the sufferings of senior citizens, who need succour and assistance, without further loss of time.

I appeal to you to spare a little time to glance through my Book, and advise me as how to reach our people to make them acquainted with malice of the Society, the pitiable condition of senior citizens and remedial measures to be taken by providing one **NGO** for starting construction of **Bridhyashram/‘Old-age-home’**.

After strenuous efforts, I could manage to register one **NGO Society** and obtained for **80G** so that I can serve all senior citizens like me who has become worst victim like **SB** explain in this captioned **Book** for starting construction of **‘Old-age-home’**.

Presently I am again in the trap of established malice in the Kolkata Municipal Corporation, Santoshpur Branch when I have shown my Book captioned above printed in one banner incorporating my letter to the Prime Minister ... in the presence

S Bhattacharya

of Dy. Assessor and his accounts staff members. I have already forwarded my complain to the Assessor/Collector, Santoshpur branch under cover of my letter dated ..., a copy of which is attached herewith for your kind perusal. This Kolkata Municipal Corporation seems to be the First State Government's, Autonomous Commercial Organisation in the country, is running 135 years with lot of loopholes in the KMC Act, 1980 to give clearance of all illegitimate claim through KMC judicial proceedings. Simple example of one complaint against my neighbour, Sri ... who has constructed building without following KMC rules and encroaching my land but the Judge passed the following orders in favour of P.R. on benefit of doubt ignoring the demolition sketch and various defects prepared by KMC Building Department. 1. P.R. should obtain certificate from KMC panelled L.B.S. for non-violation of KMC rules and 2. Furnish an affidavit and declaring on oath that he will not make any constructions whatsoever in the impugned premises without prior sanction from KMC authority. But the said P.R. has constructed another floor and came to me to utilise my land for south side plastering and colouring since he has not left single inch land for standing in south side. A certified Xerox copy of judgment order without foot note received by me on payment of Rs. 400/- is attached herewith. With due respect, I would like to draw your kind attention to my captioned Book from pages ... where **SB (Sukumar Banerjee)** has suggested for cleaned and

Evolution of Human Beings and Society

disciplined governance by introducing self-government system. From Block label to District label by new elected people on yearly basis without interference of any political party for administering the following activities under **KMC**.

1. Revenue/Finance :

(a) Corporation Tax, collecting process fees, etc. which brings harassments with heavy penalty in cash under the table to the tax payers mentioned in the letter dated ... addressed to the Assessor/Collector copy enclosed.

(b) Sanction of Building Plan : Where LBS demands extra money in addition of normal tariff to satisfy the KMC building engineers for plan sanction and construction certification on inspection.

(c) Other various services staffs demand some 'Kharchapani' in addition to the normal charges.

2. Roads, Lighting, Water Supply, Education, and Health :

(a) First of all we must establish our own Maintenance Department employing our own technicians from Block/Ward label instead of giving contract to any third party, where huge pilferage created and result of which bad workmanship, bad quality of materials, non-payment to the workmen as per Minimum Wages Act which make a big hole of expenditures. Every year small little roads are broken to replace pipe made out of china clay. Why should we not make permanent concrete pipe?

(b) Road construction and cleaning :

(i) Construction of roads should be ecliptic type sloping from centre with underground drainage system in both sides of the road and sufficient extra coal tar enamel to be put after concreting by asphalt mixtures for smooth flow of rain water both side of the road. By this we can stop water stagnancy on the road and damages of road in every rainy season.

(ii) **Cleaning of road:** We should install permanent big size HDP Garbage Storage Tank within the distance of 5 to 10 Electric Poles from where automatic garbage collecting motor vehicles will pick up the garbage and throw to the dumping yard. All the above works we are getting through contractors and all skilled civil workers have become contractor but they are now no interest in daily rate basis work. Now they are earning 4 to 5 times more than one-day rate. For sanction of Building Plan, contractor has to apply to Building Department. Next, he has to satisfy engineer through some assistant and/or representative of political parties. Next for approving bill, he has to satisfy another engineer. Next, for collecting payment, he has to satisfy cash department and after satisfying all, he has to add his profit to arrive the price of unit of particular work. What will be the cost of the work comparing with our own maintenance department? This is a short description of pilferage.

Sir! If you read my letter to Prime Minister, ... you will find that my calculation is very clear about 99% people are vitiated

Evolution of Human Beings and Society

directly or indirectly under control of self centred power crazy dirty politicians.

Thanking you for your kind and sympathetic consideration wards me to construct **Bridhyashram (Old-age-home)** in the existing land.

Yours truly,

The Municipal Joint Commissioner, The Kolkata Municipal Corporation, Central Municipal Office Building, 5 S. N. Banerjee Road, Kolkata- 700013

Sir,

SUB: TAX CLEARANCE CERTIFICATE FOR PREMISES NO. ... OF ASSESSEE NO. ... NOC FOR CONSTRUCTION OF BRIDHYASHRAM

So long, I have been communicating the subject matter through my personal Letter Head and now being the Secretary of **NGO ...** I am writing this letter in the **NGO's** Letter Head. On ..., while discussing on the subject matters with reference to my reply to Joint Secretary to the Chief Minister and a copy to the Commissioner of Kolkata Municipal Corporation, you did ask me about my attendance on Hearing date on ... as all other Executives did ask me in every meeting. Every time everywhere my reply was yes but I was not allowed to speak anything since no body asks me anything. Next on receipt of Supplementary Bills I got shock and reported to Dy. Assessor/Collector, ... who was ready with the Axe for throwing towards me, which I reported in my letter dated ... attached with my another letter dated ... addressed to Assessor/Collector for

S Bhattacharya

submission of new **“PROPERTY-INFORMATION REPORT”** for revised new Bill. On ... when I met Sri ..., Assessor/Collector to enquire about the outcome of my submission of New Form for revised Tax Calculation then Sri ... called for Sri ... and when enquired the status Sri ... replied that he has sent a letter to my address which was wrong reply. But Sri ... realised the matter then he asked him give him a copy and I have been told to wait outside. After an hour he did prepare the letter/Memo No ... dated ... which I received on the same day on ... from the Dispatch Department, which I did attach with my letter addressed to Sri ... I.A.S., Joint Commissioner, Kolkata Municipal Corporation on ... In this Memo No. ..dated ... **The last paragraph : “But, we regret to inform you that as per the direction of the appropriate authority, there is hardly any scope to reconsider the matter which please note.”**

Considering some hope, I did again talk to Sri ... who then told Sri ... to send the file to Head Office. On ..., I could recollect some of the conversation between Sri ... and Sri ... that some signature is there in the documents, which I did not realise about which documents they were talking about. I am afraid that on hearing documents Sri ... must have managed to copy my signature from my submitted documents available in ... KMC Office by Scanning/Xeroxing my signature as per advice of **CM (R)** I am very much conversant with the British made **KMC Act**. But **Sri ...**, **CM (R)** of Kolkata Municipal Corporation is Super Expert British made **‘Dewan’** for Kolkata

Evolution of Human Beings and Society

City. This KMC Act governed by Autonomous Body, parallel Government like State Government. It has got own judicial system. That is why **CM (R)** always threaten to the Complainant that your case will be sent to Tribunal. I have plenty of instances given below of their huge cash transactions on the table and/or under the table: 1. Sri ..., Complainant, residing at ... Vs. Sri ..., residing at ... before Sri ..., W.B.H.J.S. (Rtd.), Spl. Officer (Bldg.) KMC Demolition Case No ..., Br. XII K.M.C. for unauthorised construction and encroachment of our gifted land. Judgment Order passed for Complainant to go to Civil Court within 30 days from the date of order and for P.R. to pay penalty and go ahead for further construction at the end of the last line Xerox of which not given to the Complainant. After Judgment Complainant came to know, that P.R. did spend quite a good amount of cash money in the Department.

1. Hearing Section in Revenue Department: Hearing Officer on deputation from outside Government Department monthly booked for deciding concession, discount, penalty, etc. as per Inspector and Accounts Peoples' advice guided by the Assessor/Collector, Dy. Assessor/Collector and other Top Executives. Under this process, huge cash transactions accumulated for fulfilling the State Government's requirement, Ministers, Leaders and others. Unauthorised Encroachment of other Properties is legalised by fabricating documents. There also huge cash transaction took place.

S Bhattacharya

1. Building Department : Only KMC Panelled LBS will submit the Plan as per KMC rule, who only knows how much percentage of cash transactions are involved after normal fees by receipt.
2. Other Departments : Delay charges by cash for not clearing dues in time for non-receipt of Bill. But Sri ..., being the Secretary of **NGO ...** will not get any concession and/or **NOC for Bridhyashram** due to his disclosure of all the above anomalies/corruptions of KMC to the Joint Secretary to the Chief Minister and to the Chief Justice of India, Supreme Court through various letters. Also through his own published **Book “Evolution of Human Beings and Society”**.
Thanking you for your kind and sympathetic special consideration for **Tax Clearance Certificate as per old rate for one year** and **NOC for Bridhyashram** as per Proposal already submitted to you.

Yours truly,

**General Secretary of West Bengal, Communist Party of India, Office of the Communist Party of India (Marxist)
31 Alimuddin Street,
Kolkata- 700019**

Sir!

If we recollect our patriarch of **CPM Party**, whose confession in the year 2000 in the TV channel that our **CPM Party** could not establish socialistic pattern of society while taking over the reign of this state due to self-centred power crazy mentality, which could not overturn the existing **Burgeon**

Evolution of Human Beings and Society

ruling platform of 20% Burgeon people of total population.

Present Government Party took reign of this state by changing slogan “**Maa, Mati and Manush**” on the same **Burgeon ruling platform** which will prove to be against **80% APL & BPL categories of Peoples**. All Leaders/Ministers are busy to keep their power intact by arranging funds in corrupt way and/or by unfair means engaging all bureaucrats, **Cadres/Workers** to meet the Party’s expenditures. Now as per **SB**’s advice I appealed to all political parties joining together to make one new **Third Front Group** to take the reign of this Country and the State for betterment of **80% BPL & APL Categories of people**.

I am being a permanent supporter of **CPM Party** have right to request/circulate for self-criticism for not complying the philosophy/ideology of Marxism for the welfare of proletariat, **APL, BPL Categories of people who are 80%** of our country’s total population.

During 34 years ruling in our state, all our power crazy self-centred elected leaders worked as First Category of King as Administrative King to serve **20% Burgeon people** living in the cities or in the developed villages extracting money from the Business Communities as Financial Kings those who are controlling the entire economy of the state and the country as a whole. During the last 34 years ruling we have changed

S Bhattacharya

human culture to survive in the society of Anarchism/
Nepotism under the shed of unlimited democracy by force,
unfairness, looting, cheating, etc. supported by leaders and
their administrative forces. Humanity, honesty, etc. eradicated
from the human mind. Entire bureaucratic systems did make a
concrete platform for extracting money under the direction of
all self-centred power crazy leaders. The best example is now
Kolkata Municipal Corporation where about 60% people are
belonging to **CPM/Leftists Party** and most of them are busy
in party's campaign.

Now I have become the worst victim coming after 40 years
from exile for keeping my service alive on transfer out of
Bengal in the year 1966 when a political party was trying to
capture the reign of this state by destroying the industries
and business atmosphere of this state by slogan, procession,
strike, etc. Presently I am living alone in a single room of my
parental house in Block No. ... of Ward No. ... where in I am
planning to construct Bridhyashram attaching my
neighbouring plots for keeping common roof of G + 3 floors
where various health care services can be provided and
ground floor for clinic, garage for medical van, offices, etc. I
have submitted my proposal in Bengali language to one of our
earlier LCS who is presently working in KMC Building
Department, expecting his influence will get me to attach the
neighbouring plots and one builder jointly with me to
construct the Bridhyashram. Whenever I meet him and

Evolution of Human Beings and Society

enquire about the progress, he expresses his extreme busy schedule for party's work and meetings. His father and I were having very good relation and he was very sincere and hard worker for the **CPM Party** but starved for survival. We both are APL/BPL Category and somehow managing with mere income from service/pension. Next, I have again given that proposal to Secretary of M/s ... Club in our Block where majority is the **CPM Party**'s supporter. Generally, every Block, one club has been established where members are busy throughout the year conducting various cultural programmes, all Gods'/Goddesses' 'Puja' celebration by public subscription and business Peoples' contributions. Any construction in the Block, the members will come forward for collecting there share for smooth construction. Political leaders are indulging them to capture the total vote from the Block. Likewise our standing MP, Sri ... contributed Rupees Four Lakh from his MP Fund of Wards/Blocks development.

As per **SB**'s observation, **this contribution is nothing but making white money from black money. Why Government will contribute such a huge amount to clubs when such associations are earning lakhs of rupees per annum. In audit, why there is no report for this faulty expenditures.** This club used to put the banner of this MPs contribution on the outside of club room before the present Government's took over. This club has managed one plot by force and constructed one auditorium with open space for all cultural activities. Next, another plot this club

S Bhattacharya

has captured by force on south side of the ... Road attached with our own plot and one Sri ... and family's plot where our 1.1/2 Cottahs of land submerged with one small pond. This land belongs to one land owner who is living nearby and given to one builder/promoter for construction in the year 2005 taking help from Police Force. Immediately this club arranged 150 to 200 women force for stopping the construction works reason they are performing all Gods'/ Goddesses' 'Puja' celebration whereas this club has got own auditorium with open space nearby club premises. This I have come to know from one builder. In the captioned Book, it is well defined, who are these Gods/Goddesses. They are highly spiritual human beings born in the society to eradicate all evils thinking of human mind to restore humanity in the society in those days when people were living like a slave cornered with untouchability. Nevertheless, our CPM Party's self-centred power crazy leaders have accepted this social evils thinking and indulged these evils thinking people to capture the vote. They have forgotten the teachings of Marxism philosophy. Therefore, I would request you to be kind enough to help me to construct the proposed **Bridhyashram** and to start various activities for senior citizens through my registered **NGO...**

During the reign of your 34 years ruling, you have made such a strong **Burgeon platform** for the benefit of **20% Burgeonpeople** through all bureaucrats, creating various

Evolution of Human Beings and Society

Units/Unions in Educational Institutions, Industrial and in Business Circles, DYFI, and Women Associations, Clubs, etc. for continuing your Anarchism/Nepotism through Slogans, Processions to keep alive your self-centred power crazy dynasty, which will only look after Industrialists, Business Communities, your own Kings, Leaders, Cadres, etc. to make them Billionaires/Millionaires. For fulfilling this achievement, you have left lakhs of crores liabilities for next Government to clear with unbearable hardship.

Yours truly,

PART-III

FOR ALL POLITICAL PARTIES WHOM SO EVER IT MAY CONCERN 10TH EDITION- OCTOBER 2018

“EVOLUTION OF HUMAN BEINGS AND SOCIETY”:

The British Ruler did hand over the reign of our country India to one of their pet Indian family members advising to rule the country as per their established law and Divide & Rule policy keeping alive all casteism, religious fundamentalism etc. with their own **Constitution** which **Baba Saheb Ambedkar** amended as per our country's requirements. If we read the followings:-

“PREAMBLE OF THE CONSTITUTION OF INDIA”:

“WE THE PEOPLE OF INDIA, having solemnly resolved to constitute India into a SOVEREIGN SOCIALIST SECULAR DEMOCRATIC REPUBLIC and to secure to all its citizens: JUSTICE, social, economic and political; LIBERTY of thought, expression, belief, faith and worship; EQUALITY of status and of opportunity; and to promote among them all FRATERNITY assuring the dignity of the individual and the unity and integrity of the Nation”.

Therefore, the generation to generation British Ruler's successors can rule the country. Accordingly, numbers Of Rulers/Kings and/or Sub-Rulers/Kings have increased

Evolution of Human Beings and Society

from Single to Thousands to Lakhs in three Categories with whole Authority for Administrative, Financial and Judiciary- (which completely under Government control). They have made Burgeon ruling Platform of 20% Burgeon people & 20% APL People-(Middle Class) presently Government fixed **up their minimum Annual Income Rs.7 lakh 50 Thousand over 60% BPL categories of people in the Federal System of Democratic Country. Our Society is paternal system of Society** since beginning when Society formed.

In Hinduism, there are four **Yugas** such as **Satya, Treta, Drapad,** and **Kalli Yuga**. Presently running **Man-Pita (Father)** is the head of the family. Man is dominating in the family as well as in the Society. Women populations are increasing and they are capable of managing the entire Society in much better way than Men if they are not **Self Centered Power Crazy Women**.

Factually, woman is much more superior to Male Person. First, Woman is the creator of Human Beings. Man deposits seeds and Woman preserves the seeds feed them and bring them in the Society. Woman is much sexier than Male Person, but Woman has controlling element i.e. **Diffidence/ (Lajja)/Shyness** which controls the sex of Woman. Sex is natural requirement and demand. As per **Unani and Ayurvedic** explanation woman body's eight places have filling of Sex sensation. However, man has got only in two places. In the '**Quran**', Dress Code for Woman specified

S Bhattacharya

for complete body **cover** with **Veil (Borkha)**. Now the modern Society's Woman prefers to expose their body for beautification, competition in Fashion Parade and elsewhere. In the Captioned Book **SB (Sukumar Banerjee)**, Speaker of this **Book** suggested for **Self-Government** systems from **Block level to District level**. To implement the said systems Government has to pass Bill for taking control of all Clubs, Temples, Mosques, Churches and other religious Centers under Government control and to set up one **BDO Office** for administering the **Block** for developing the followings: All unemployed people as per Mobile Employment Exchange Record in the Block should get job. In all religious Centers, all devotees should come as usual to pray almighty as per individual's religious belief in their respective temples, Mosques, Churches and any other respective Centers after depositing their contributions, any articles etc to the **Block Office**. Block Office employed attendants attached to temples, Mosques, Churches and other religious Centers will accompany them to the Worship Place. All Priests, Pandas, Imams, Moulabis, Fathers and other Religious Heads will get remuneration every month from the Devotees' contributions and other valuables from the **Block Office**. All unemployed **Club** members will get job as Security Man or as per their Skilled/Unskilled capability. Total Income from **Club** activities will be under control of **BDO Office**. Self-Employed Individuals in any business and/or any Professions should

Evolution of Human Beings and Society
register their working details in **BDO Office** to contribute certain percentage from their Income for Block Developments such as 100% Education, 100% Health, Cultural activities etc. No Cadres of any Political Parties are required to visit to any Business and Professionals' Offices to collect the Funds for their Political Parties requirements when they got their respective jobs in their Block. Political Parties funds requirements are the main cause of corruptions in entire Bureaucratic systems. All political Parties' leaders have interlinked relations in the corruption. They abuse stating '**Dishonest**' to each other but cannot go further for fear of getting gluey mud in their character. There is no ambiguity that most of the leaders are suffering from **Revenue Cancer** and no chance of getting cure because their Billion/Trillion Dollars in foreign Banks will remain unclaimed. What a pity and shameful matter for us. Now to cure all the **Revenue Cancer patients** we have to establish **MAA, MATI & MANUSH Society**. First think for **MAA-(Bharat MAA)** for whom we have to change the political structure i.e. Federal Systems to Presidential Systems elected by the people, of the people and for the people. Next to, choose Leader for President who thinks for people from '**MATI**', (**Block to District label**). Next to, choose '**MANUSH**' (**Man or Woman**) and for this we have to go to Hinduism Story of **Treta Yuga**, when **Shri Ram** worshiped for arrival of '**MAA**' "**Durga**" to kill '**Ravana**'. We can choose from only Woman who is

superior to Man, but does not possess any **Self-Centered Power Crazy Mentality** except developing Ego and direct Injection to all **Revenue Cancer Patients** to establish” **MAA, MATI & MANUSH Society**”. Any Leader from any State if claim that he/she is only eligible for becoming competent Head of the Country/States by showing only Industrial growth which benefitted only **40% of total population** not for **60% BPL** categories of people. **SB**’s question that by Industrial growth can anyone prove in the State/Country **100% Education, 100% employed, 100% Health care and 100% secured life.**

Now ‘**SB**’ analyses religious fundamentalism and some idea to remove inhuman treatment by Fundamentalist through his **Self-Government Systems** already explained in the foregoing method in the **Captioned Book.**

1.Fundamentalism in Hinduism:

In Hinduism, there are 33 Crores Spiritual Persons as Gods and Goddesses arrived to remove inhuman treatment by Fundamentalist to establish peace and humanity in the Society. Out of them, there are Supreme Spiritual Persons-Gods arrived in four different **Yuga (Period)** like **Brahma/ Bishnu/Maheswar in Satya Yuga, Shri Ram in Treta Yuga, Shri Krishna in Drapad Yuga and in Kalli Yuga: Paramangsha Ramkrishna, Shri Budhya Deb, Shri Jaganath, Shri Chaitanya Mahaprabhu, Shri Pareshnath, Shri Tirthankara, Shri Guru Nanak etc.** Some **Spiritual**

Evolution of Human Beings and Society

Persons/Gods created some powerful Gods and Goddesses through sexual activities. As an Example **Shri Shiva God** who was the **King of Kailash Parbat** and throughout the years and years was on **Joga/Sadhana of Soul**. And become so powerful strong **Person-God** that **He** could transfer his power to **Ravana** who was worshipping **Shri Shiva God** later on made that **Shri Shiva God** his captive and whenever **Ravana** moving for conquer he used to carry **Shri Shiva God** on his shoulder. However, **Shri Shiva God** told to **Ravana** that if he keeps **Shri Shiva God** for any reason on the land he would not be able to pull him out from that place. **Ravana** was under tremendous urinal pressure and he has to keep him on **Deoghar Land**, now in **Jharkhand State**, is the **First Shiva Temple** in India. There is another story about the **Stone Image of Sri Shiva**. '**MAA-Pārbati**' wife of **Shri Shiva God**, was daughter of **Janak**, Maharaja of Himalaya. '**MAA-Pārbati**' was worshipping **Shri Shiva God**. One day when she was in the **Kailash Manash Sarobar** with her friends for taking bath, **Shri Shiva God** nearby was in inanimate condition in **Joga/Sadhana** on one mountain. **Shri Shiva God** suddenly got wake up when some women were taking bath with high volume sounding games. **Shri Shiva God's** Sex excitement awakened his penis, which he extended long towards those women, and those who were looking to the long penis started loud utterance expressing joy but

MAA-Pārbati inserted that Penis in her Bush. Latter on **MAA-Pārbati's** friend groups cut that Penis. The first **Image of Shri Shiva God** in **Deoghar Temple** is in the shape of **Cut Penis** inserted in the Bush of **MAA-Pārbati**. Throughout the country on **Shri Shiva God Day** people are worshipping this image sacredly so that they get same power like **Shri Shiva God**. Now **SB's** queries why religious fundamentalists should kill **Mahatma Gandhi** who arrived in this country as **God** to establish Humanity with secularity without violence. And why world famous painter, **M. F. Husain** has to leave his country for not doing any crime but for making his own thinkable Goddess's Image. It is wrong **Fatwa** when we can worship the Image of our **Shri Shiva-God Image and/or Stone made Image**.

2. Muslim's Islamic Religion in 'Quran' & Christian Religion in 'Bible'

Both the religions are accepted by each very friendly. Moreover both the Religions are merciful and they believe God will punish them for their crime. Now in India also Religious harmony extended in marital relation with each other Love. Moreover, India is a Secular Democratic Country. **God Christ** direct from **Mother Marry** sacrificed himself for the cause of peace and humanity. **Prophet, Hazarat Muhammad**, illiterate cannot read and write anything but Angel, messenger of **Allah (Almighty)** bestowed **Allah's Prophecy** through Prophet's versions in '**Quran**'. In **Quran**,

Evolution of Human Beings and Society

there is no direct punishment announced like '**Fatwa**' to any one for any crime but left on **Allah** who will decide. We should not encourage any Fundamentalists' Group to create terrorism in the Society creating inhuman crimes. **SB** feels all-religious Heads-Pundits', Gurus, Imams, Moulabis, and Fathers; jointly conduct one Convention to instigate/inspire to all religious people to conduct prayer everyday to strengthen their brainpower and to gain the following benefits of **Health and Mind**:

1. Improved 'Immune Function'
2. Reduced risk of death from heart attack and stroke
3. Reduced stress and increased peace of mind
4. Reduction and Elimination of panic attacks, anxiety and depression
5. Reduced impacts from chronic pain
6. A more positive, happy out-look on 'Life'
7. A healthier, longer, more fulfilled 'Life'

In addition, of above prayers we should invite them to attend Temples, Gurdwaras, Churches, Mosques and other any religious Places on various occasions announcing any auspicious Day celebration through broadcasting channels.

For all these we should insist Government to take over all the Religious Places and set up one **BDO office** to manage the situation. By this, Income will increase and everybody will get good job so that idle brain will not choose any criminal jobs. In view of the above **SB** feels that the '**Fatwa**' nounced

S Bhattacharya

for **Writers, Taslima Nasrin & Salman Rushdie** can be withdrawn. **SB** feels that if Government passes the Bill for taking over all the Clubs, Religious Places can remove all Terrorists set-ups moving door to door from **Block label to District label** by giving them employment through Mobile Employment Exchange and Broad Casting Media Channel for overall development of **60% BPL categories** of people then ‘**MAA. MATI & MANUSH**’ Society is established. **Once the above Society is established then unlimited democratic rights of 40% peoples can be synchronized for stopping their Nepotism and Anarchism in the Society over 60% BPL Categories of people.**

N.B: 1. His Highness/Her Highness! Presently in the **Burgeon Ruling Platform** yours unlimited democratic rights for **20% Burgeon people & 20% APL People-(Middle Class)**, (presently Government fixed up their **Minimum Annual Income Rs.7 lakh 50 Thousand per annum**) ruling over **60% BPL Categories of people** cannot control **Price Index.**

In the **Captioned Book, SB** suggested in the **Price Index Chapter** profit margin 3 to 4 times in **MRP Price** on factory rate should be reduced and fresh cultivated products in retail markets including handling charging more than 100% to 200% profits should be reduced after addition of transportation charges. In the Shopping Mall retail-prices are more than in the open retail market price. Moreover, in Whole Sale Mall

Evolution of Human Beings and Society

fresh cultivated products' rate is more than Open Retail Market. **SB** strongly condemns Governments' Emergency Food Bill for poor people. This is another deception to the **60% BPL** Categories of people. You are well aware that Governments' **Fair Price Shop** is very much-corrupted unit in the Society. This is only for Government's own Party dominated States for election campaign and those people benefitted will earn extra money by selling in the market on high rate. In addition Governments' distribution bureaucratic system is dangerously corrupted unit in the **Burgeon Ruling Platform**. Our Country is Second Largest Populated Country in the World. Governments are trying to implement all systems of World King whose population is 1/3rd of our Country's Population. Implementation of your Financial Expertise may get rewarded in the country of World King, which will boost up status of **20% Burgeon people & 20% APL People-(Middle Class People)**, to increase corruption, terrorism etc. in the Country.

In the Sixth Edition of the Captioned Book suggested **100% Education, 100% Employment and 100% Health Care** by implementing **Self Government Systems in Gram Panchayat and in the City**. For this we have to arrange **National Religious Convention** to support **Emergency Bill** for controlling all States' **Religious Associations /Institutions** and all **Clubs' Sports and Cultural activities'** development under guideline of Central Government. For this, we have to

establish **States' Sena** to visit door to door along with **BDO Officer** for preparing **Bio-Data** of every member of the house for their development. By this you can find out all rorists, criminals, unemployed, illiterates etc. You can include all these peoples in **States' Sena**.

a) Money Market/Share Market:

This Market is only for 20% Burgeon people & 20% APL categories of Peoples'-(Middle Class People), your Governments' full-hearted endeavours to boost up their interest. You are after **FDI Investment** for higher Percentage of **NAV** in Share Market for selling the shares on higher rate to make them **Billionaire**. By this system, **60% BPL categories of people's** calamitous condition will be deteriorating as per details given below:

b) Share Market under control of **SEBI** which again under control of '**A' Group of companies'** leadership for manipulating/speculating under guideline of Reliance Group, Financial King of our Country. This King is continuously satisfying the Government's Kings, all Bureaucrats, Ministers, etc. through all '**A' Group of companies** by giving their own shares at lowest price so that the same shares can be sold in Boom period. In exchange they are dictating the Government to pass the Bill for extra ordinary power to **SEBI**. So that **SEBI** can interfere in all other non-member companies' business affairs registered under Companies Act and with Incorporation Certificate of Ministry of Corporate

Evolution of Human Beings and Society

Affairs including authority to collect money from public against deposit Certificate, Debenture Certificate and Redeemable Preference Share Certificate when FDI investment is not responding. Next, this **SEBI** with its self-styled with approved power started sending notice to the various Registered Limited Companies and incorporated with Ministry of Corporate Affairs not to collect any deposit from Public and all collected amount to refund to Public. Due to this notice **lakhs of 60% of BPL Categories of people are starving for non-receipt of their monthly return for long period. And seizing their Banks' Accounts and utilising in the money markets through Banks earning crores of Rupees.** You are well aware that your entire Bureaucratic systems and your Ministry level are corrupted like no bodies business as per daily News Paper Reports. During UPA Government's under Finance Ministry as per News Paper Report there was one white paper came out for 2G Scam and other various Scams linked with your Finance Minister's name which with craftiness method the matter got clean chit.

This Ministry's I.T. Department under the table clearing all disputes every day. In **SB's** case having Nil Return Holder forgot to claim TDS refund but with the help of subordinate with I.T.O.'s approval **SB** got his refund as per Credit shows in the Book of his Pan No. as per normal procedure by giving cash 10% to 15%. Another Case of his with one Advocate who was torturing **SB** for huge undue cash and **SB** has given

one detailed letter to C.I.T. enforcement Department for the said Advocate whose yearly Income nearly to Rs. Fifty Lakh, copy attached in the captioned Book. To reduce corruption in this Department Government should introduce one separate Department to monitor through Aadhar Card and also I.D Card. For **BPL Categories of people** should be allowed to file self I.T. Return without any charges.

N.B:-2. Sirs/Madams! If we recollect the **Patriarch of CPM Party's** confession in the year 2000 in the TV Channel that their Party could not establish socialistic pattern of Society while taking over the reign of this **State of West Bengal** due to Self-centered Power Crazy mentality which could not overturn the existing **Burgeon ruling Platform of 20% Burgeon people & 20% APL (Middle Class People)**. Present **West Bengal Government Party, TMC** took reign of this State by changing **Slogan "Maa, Maati and Manush"** on the same **Burgeon ruling Platform** instead this **Slogan** should be **"Maa, Maati and Manush for 20% Burgeon people & 20% APL (Middle class People)**. As per TOI's Report after long periods' hunger Strike with God Blessings present **Supreme Queen** could win the 2010 West Bengal General Election and took the oath in front of Governor before wearing the crown. Thereafter for long occupancy in the present heir to the Throne '**SQ**' gone to Indira Bhavan to meet **CPM's Patriarch, London Barrister** to get advice for keeping the throne for indefinites period like God Rama went to Ravana at

Evolution of Human Beings and Society

his Bed of ending life for administrative method. The said **CPM's Patriarch** advised without support of **20% Burgeon people** no one can continue to be on the Throne without publicity of the King/Queen through media, poster with Image, deception by disguise to the public and making all cadres millionaire for the above publicity. All corporation activities are done by local unemployed people under contractor/cadres for very nominal salary of net Rs.6000/- to Rs.8000/- plus PF, Esic. All these contractors are sharing with the Government 60/40 ratio. On receipt of Author's 6th edition Book Supreme Queen called all Bureaucrats and taken left and right to stop minting money by unfair means. But after few days all Bureaucrats united and convince Supreme Queen by saying that they are the Independent Authority under **British Calcutta Corporation Act 1876** who can fulfill the money requirement for Supreme Kings/Queens as parallel Government. To remove corruption and it is only possible to abolish the **1876 British Calcutta Corporation Act**. Then only Kolkata can be remade as **London City** having same Geographical back ground implementing digital system of administration, finance and judicial activities. Presently Self Centered Power crazy Queen is torturing all BPL categories of people, Celebrities, dignitaries for supporting Her Highness and for chanting with her Cadres the Vague Slogan-'Maa, Maati and Manush' for 20% Burgeon People. For example: -

1. Mother, Mahasveta Devi, eminent writer and recipient of

Jnanpith Award & Raman Megasaysay Award who gave Foreword for the captioned Book has been thrown out from her Rajdanga own constructed building on the Plot given by earlier Government for her contribution in the society for distressed people through her literature declaring by the present Government as unauthorised construction and **Mother, Mahasevta Devi** vacated the building and shifted to her Golf Green Flat. When there was a hue and cry in the society, present Queen contacted Mother and sent a car to pick up the 90 years old bed ridden Mother from her Golf Green Flat for reading one self-appreciation Note written by Queen from the Esplanade Dias to the few lakhs supporters of Queen's Party's Meeting to express sensitiveness. Thereafter when Mother's illness condition deteriorating day by day the Queen arranged hospitalisation in Belvedere Hospital, Mint Park. Later on after demise of Mother Present Government has converted the Rajdanga Building as Sangrahalay inscribing the Image of Mahasevta Devi.

2. Author of the captioned Book having Certificate of below poverty level from Councilor of Kolkata Municipal Corporation, ward No.106, Kol-78 for monthly Income of Rs.4000/- and also Electronically I.T. Return living alone in Parental House landed after 40 years shattered with Criminal & Civil cases unable to pay any fees to advocates. With kindness of Additional Judicial Magistrate who allowed the Author to plead/contest in person for all of his own cases.

Evolution of Human Beings and Society

But the Honble' Judge of court does not bother to read the put up, simply keeps on giving next hearing date for 3/6 months. Author Applied for Legal Aid for giving free service advocate for Money Recovery Suit which will remain always in S/R position giving date after date until the Author put money in every hand time to time. **3.** Another case of Consumer Forum Judgment against one Ponji Firm Ld. Court issued Certificate for attachment of Firm's Property for auction to clear the refund as per Judgment Order to the Complainant, Author. Almost two years The District Magistrate, 24 parganas (S) could not get Auction done for the attached property from the Certificate Department. Author has written one complaint against Certificate Officer, Dy. Collector giving full details of their harassments and physical torture to the Handicap, below poverty level Author addressed to District Magistrate, which also running almost three months. All leaders/Ministers are busy to keep their Power intact by arranging Funds in corrupt way and/or by unfair means engaging all **Bureaucrats, Cadres/Workers** to meet the Party's expenditures, and presently all Governments' offices, Administrative, Financial, and Judicial etc. to arrange funds from publics. And few thousand crores lying unused surplus funds to be sent for development of villages where Panchayet Election is nearing.

4. Now as per **SB's** advice and appealed to all political parties joining together to make one new **Third Front Group** jointly

S Bhattacharya

to take the reign of this Country and the States for betterment of **60% BPL Categories of people**. Presently the Queen of this State confirmed after UK visit that she is the only Royal British successor who is maintaining British autocratic administration torturing **60% BPL Categories of people**, Celebrities/dignitaries and taking complete Law in her control.

Considering similarity of London City's Geographical and environmental equation '**SB**' suggested remodeling of Kolkata City should give special Priority as per elaborate detailed statement given below to make Kolkata City same as **London City**.

**Road construction, cleaning, Sewage
system, Maintenance etc.:**

A) Road Construction: Road should be eclipse type i.e. from middle with little high sloping to both side by asphalt mixtures and after roller application sufficient extra thick Coal Tar should be applied so that water stagnant will not be there and stone chips will not come out when vehicles are running on the Road. For maintenance, there should be permanent maintenance Workshop in every Constituency and all employed technicians will conduct the maintenance works instead of contractors who are the main source to manage huge amount of extra cash money. All political cadres/workers required to be employed in the Block level to upervise the every maintenance works in the Block.

B) Drainage, Cleaning, and Sewage system: All open

Evolution of Human Beings and Society

drainages should be shield by 100" dia concrete CS Pipes, and then build up new shopping mall on the shield area to shift all city hawkers/temporary shop keepers from pavement. The same 100" dia concrete CS Pipes would be laid down into the depth sea to the extent of few kilometers away. Entire drainage water and sewage system would be pumped out to the sea through the concrete CS Pipe Line. There should be both side drainage systems on the Road. Road cleaning would be done by water hosepipe attaching with the river water pipe line Tap installed on the roadside early in the morning. There should be HDP/Concrete made garbage storage Box installed with the every Electric Light Post where the people will put all their home garbage packet. Garbage Van will come to collect garbage from the storage Box. All employed Cadres/Workers should be alert to stop unloading all civil materials on the Roadside.

C) Drinking Water:

All employed Cadres/Workers should check all the damaged Taps/Valves where continuous wastage of water flowing. After repairing Cadres/workers should arrange waterline inside the hutment/Flat so that those people need not put queue on the Roadside for collecting drinking water.

D) Slum Dwellers:: To remove slum dwellers/hawkers from both side of the Railway Line running through City, we should cover the Line by constructing multi-storied building for shopkeepers and slum dwellers.

E) International standard Multi-Storied Inter-State Bus

Terminus from Esplanade to Babu Ghat Area.

i) This Terminus will have the following facilities:-

- a) **Basement:** Local city buses & Inter-State Buses along with Petrol Pumps & small maintenance Workshop,
- b) Various Fast-Food Canteens,
- c) Medical Shops & Clinics and
- d) Gift Articles Shops

ii) Ground Floor:

- a) Side Corner for Reserve Buses, Car Parking, & Fast-Food Canteens
- b) Middle Portion reserved for Seminars, Political-Parties Meetings and for any Grand Celebrations on chargeable basis for all if Government can arrange its own **TV Channel** then all sorts of publicity, announcements can stop all **processions and logans.**

iii) First Floor & Second Floor: Both for Shopping Mall for bringing all central Kolkata's Hawkers and temporary shopkeepers.

F) Ganga River:

- a) To make few bridges from Barackpore to Diamond Harbour for interlink Metro rail across River in Western Side.
- b) Below the bridges there will be Station for High Speed small AC/Non AC double Decker Steamer with Canteen and Bath/WC facility to be launched from Barackpore to Diamond Harbour.

SPECIAL NOTE FOR:-

1.PRESENT SUPREME KING OF PARLIAMENT, NAME CHANGED-PRIME MINISTER/PRADHAN SEVAK

In the earlier edition Book from 153 page to 171 page Script for all political parties Author has described your origin as incarnation of God Mahatma Gandhi inspired by Swami Vivekanda selected by God Paramansha Ramakrshna with blessings of Dhan Kuber for achieving the mission-”First Develop India”.

There is planning to establish **GST for Goods, Services and Tax** wherever eyes, minds etc attract. By volume **75 Crores 60% BPL categories of People** will give few lakhs crores rupees. And when Price will increase **20% Burgeon People and 20% APL People (Middle Class)** will get their additional Salaries, D.A. etc. as per increase of Price Index in exchange shucking blood from **60% BPL categories of People**. Banks saving interest rate is reduced. Banks introduced various charges as a result Banks saving interest get squired up, ultimately Banks’ customers withdrawing their deposits, and they are investing such withdrawing money in various unsecured place for high returns. Present Pradhan Sevcaak insisting all people to invest in Share Market where manipulation/speculation is only media to destroy the poor people in all respect. At least this **GST** should have been excluded from **Food and Health Care Sector** for **60% BPL categories of People**. Business motive is profit, Profit has got no limit and there is no law to make any control.

S Bhattacharya

To make the maximum profit coercive, cheating and manipulation/speculation all sorts of unfair means destroying human cultures. There are non registered lakhs of Retailers, small scale Industries, various agencies etc earn huge money by selling bad quality of products. All cadres should be employed to check all the above business communities. Most of them do not keep cash money in the Bank. There was report in America one Farmer 200 million dollar cash kept inside the Mattress of double Bed. He was not having Bank Account. Likewise at the time of Prime Minister, Morarji Desai when thousand rupee Notes declared Ban/demonatisation, all Diamond Dealers those thousand rupee Notes used as Mats while taking Food.

2. FORSWACHHA BHARAT AND ROJGARYOJANA

In earlier Editions the Author has suggested for **Infrastructure Tax from 40% Burgeon people**. But your utmost efforts to increase the profit you are implementing 7th Pay Commission's report for increase of 24% basic salary and linked other benefits-DA, House Rent Allowance total increase of 36% approx. for all bureaucrats to remove corruptions. This increase will make few lakhs rupees disappear from Govt. Treasury. Now if we come back to the above subject we should depute all bureaucrats around all Railway Stations and all whole sale/retail market areas 24 hours with digital camera will get few crores poor people moving, begging, sleeping at night creating dirty atmosphere should be picked up and put them in rehabilitation camp with

Evolution of Human Beings and Society

various jobs/works in agricultural fields, cottage/small scale industries in all states to make the country **SWACHHABHARAT WITH ROJGAR YOJANA.**

3)REMOVAL OF CORRUPTION

In this democratic country to remove corruption is impossible task. Present Government policy to increase profit in all respect for **FDI (First Develop India)** by inviting foreign investments, automation, reducing personnel strength by lay off, etc. As per Manufacturing Cost Analysis personnel cost has been taken 35% initially but for maximum profit motive reduced that cost implementing above said method. Next for marketing which was done earlier by manufacturers themselves but the same marketing job has been given in various series of agencies method and with highly media publications keeping their own profit intact. And accordingly price of commodities gone so high due to increase of profits by series of agencies which ultimately affected PriceIndex. Government to remove corruption increasing pay scale of **20% Burgeon people** and **20% APL Categories of people** which more than ten times in compare with **60% BPL Categories of people**. Practically increase of Price Index taking care by increasing Dearness Allowance automatically. Foregoing paragraphs in Part-I, Author has given new title of all **Government Executives as Revenue Cancer Patients**. Now they are utilising all most all **60% BPL Categories of people** through their coercive method by cheating, looting, terrorising, extortion, etc. for earning extra income

S Bhattacharya

. Recently your Supreme Court approved for Legal Aid for **Middle Income Group of whose annual income up to Rs.7.5 lakh rupees** but in the captioned Book Author has suggested for passing **Infrastructure Tax Bill in Parliament from rupees 5 lakh and above from 5% to 20% for 100% Education, 100% Employment and 100% Health Care for 60% BPL Categories of people.** In West Bengal, below Rs. 36000/- annual income people does not get every legal aid even after obtaining Below Poverty Level Certificate. But Assigned Advocates for legal aid will charge his/her fees Rs100/- to Rs.200/- and all charges for making petition Rs. 500/- to Rs.1000/- and also on final hearing advocate will demand Rs.5000/- hardly for 1 or 2 minutes but President in Consumer Forum already decided to pass the Judgment Order with no cost for Complainant, plus printing/xerox of various documents and expenses few thousands rupees to be paid by the legal aided BPL Certificate holder. As per Advocate statement all charges and advocates fees will be refunded/paid after completion of the settlement of the Case which is at the mercy of **King/ Queen** and/or Judge. In the captioned Book, Author has suggested for constituting BDO Office in every Block of every Ward to make bio-data of every individual from 18 years to below 60 years of every house for giving them service if unemployed in 'State Sena' constituting under control of Central Government transferable every six months in other wards of all districts and/or in other states. This will help Government to stop all unionism in all

Evolution of Human Beings and Society

organisations and in all educational institutions for fastest developments including internal and external security in the country and in all states. And also for **60% BPL categories of people** for 100% education, 100% employment & 100% health care. Reservation will be only 50% for OBC and 50% for women in the ratio of 70% for son of the soil and 30% for others as suggested in Part-I of this Book. Government should select all other reservations from OBC category only so that higher graded income group should not avail such reservation as per old reservation system. **We cannot ignore higher cast people who also have become below poverty level to get relief for legal aid, education, employment and health care.** These **60% BPL Category of people** cannot move out from their home for long distant by rail since rail fare increased almost double. Latest development of **FDI (First Developed India) Business** benefits utilised by all Bureaucrats and Executives including increase of salary and DA due to Price Index. They are also earning huge cash money through **APL & BPL categories of people** by issuing licenses, sanctioning plans, refunding awarded amount etc. With this huge cash they are enjoying their life lavishly, purchasing Flats and for evading rental tax giving wife's Aadhar Card number instead of his own Aadhar Card number. Government introducing **Rojger Jojana, Ujjala Jojana, Nibas Jojana, Aushman Medical Jojana etc.** for **75 Crores-60% BPL Categories of people**, for how many years and/or how many terms of 5 years Parliament and State Session. **Is it not a**

S Bhattacharya

deception/chicanery to the 60% BPL Categories of people? Author appeals to all 40% Rich/Richest persons donate some money to Prime Minister's A/c for fulfillment of all the above noted Jojanas from their own personal assets and properties keeping some minimum balance for next generation for the sake of 75 Crores-60% BPL Categories of people after giving all Political Parties Fund.

Builders, Developers, Promoters etc. are dealing with cash only. All I.T. Executives, CBI Executives, Enforcement Directorates and other Investor Executives should use detector Machine to find out Cash in all business communities House, all Leaders' house all Bureaucratic/Executives House.

It is definite no body can carry any particle while on eternal journey.

4. 100% UTILISATION OF PEOPLE

“EVERY INDIVISUAL HAS GOT IN-BUILT SPIRITUAL POWER IN HUMAN BRAIN, EXTRA ORIDINERY COMPUTER POWER. THIS SUPER POWER IS CONTROLLED BY MIND WHICH IS DEVELOPED BY PERSEVERANCE, ENVIRONMENT, SOCIAL CULTURE, CHOICE OF FRIENDS' CIRCLE WITH YOGA/ MEDITATION ETC. NEXT THIS POWER ENTER IN THE HEART/'ATMA' WHICH IS VERY SOFT AND IMMORTAL, AT THE END TRANSFORMED INTO 'PARAM-ATMA' OR MOVE IN THE AIR.”

Sir!

Idle Brain Devil Workshop and if 100% utilised then you will find number of scientists and other various celebrities are around you to make your visions same as Mahatma Gandhi's visions success. Your global E-governance systems definitely will dig out corruptions details across the country especially in all Bureaucrats and Political Leaders, Author has named them '**Revenue Cancer Patients**' for whom you are increasing their pay scale. Current World population is 7.3 billion and India alone is in **Second Position-1.26 billion population** where **11 millions are Senior Citizens**. Out of Total Population **40% Burgeon People and APL People with 60% BPL Categories of people** whose calamitous condition, cannot keep money in Bank because interest earned is getting squired up by banks charges, PF pension also reducing, they cannot go to share market, they are starving. If Author's Self-Government systems shown in Part-I of this Book introduced from Block label to District label **60% BPL Categories people** can live with comfortable life. **Many Scientists believe that Earth has got maximum capacity of carrying 9/10 billion people. The constraints of biosphere are fixed. Availability of drinking water and food that Earth can supply or produce limiting factors to support population. should educate people to change food habits to non-vegetarian products and sacrifice for poor people donating their extra income.

Now request to read below mentioned attachment of **Global Hunger Index**, India has become in the Rank of developing countries, the third highest score for **malnutrition food and voluntary starvation** because Prime Minister/Pradhan Sevak's mission '**First Develop India**' for **20% Burgeon People and 20% APL (Middle Class) but to take support from 60% BPL Categories of people we should utilise/engage 100% to abstain them from becoming Terrorists, Mao-Badi, Beggar, committing suicide finding no other alternative etc., because we are not bothering for finding welfare of 60% BPL categories people for their 100% Education, 100% employment 100% health care as per Constitution and Human Rights Act.**

At the end **SB's** Humble Prayer to all Political Parties to unite and support the present Global National Leader for development of establishing actual/real **Maa, Mati and Manush Society** from **Block level to District level** implementing foregoing systems given in the above mentioned Captioned Book leaving d Power capturing mentality for becoming British Royal **King/Queen position. 1.27 billion population** where **11 millions are Senior Citizens. Earlier Edition Author has pronounced that the present Prime Minister is incarnation of God Mahatma Gandhi including with blessings of Dhan Kuber from the inspiration from Swami Vivekananda. And to make Centre in every Block and/or every Chairman's Office for collecting donations for implementation of all the Jozanas.

Hunger places India at a poor 100 among 119 nations

Grapppling with a “serious” hunger problem, India has been ranked 100th among 119 developing countries on the Global Hunger Index (GHI), behind North Korea, Bangladesh and even the besieged Iraq, but ahead of Pakistan, according to a report. India was ranked 97th last year.

The country’s hunger problem is driven by high child malnutrition, and underlines the need for stronger commitment to the social sector, International Food Policy Research Institute (IFPRI) said in its report.

“India... has the third highest score in all of Asia—only Afghanistan and Pakistan are ranked worse,” IFPRI said in a statement. An increase in GHI indicates the worsening of a country’s

hunger situation.

“At 31.4, India’s 2017 GHI score is at the high end of the ‘serious’ category, and one of the main factors pushing South Asia to the category of worst performing region this year, followed closely by Africa South of the Sahara,” it added.

Among India’s neighbouring countries, China ranks the highest at 29; Nepal has been ranked 72,

Myanmar 77, Sri Lanka 84, Bangladesh 88, Pakistan 106 and Afghanistan 107.

North Korea ranks 93rd, and Iraq 78th.

Now in its 12th year, the GHI ranks countries based on four indicators — under-nourishment, child mortality, child wasting and child stunting. IFPRI said more than one-fifth of Indian children aged below five weighed too little for their height and over a third were too short for their age.

“As of 2015-16, more than a fifth (21%) of children in India suffer from wasting (low-weight-for-height) — up from 20% in 2005-2006,” IFPRI said. Only three other countries in this year’s GHI — Djibouti, SLand South Sudan — show child wasting above 20%. **en**

Your Highness,
Honourable Chief Minister of West Bengal,

**SUB: TENTH EDITION OF “EVOLUTION HUMAN
BEINGS AND SOCIETY”**

Respected Sir/Madam,

All political parties' leaders in democratic country when elected by the people, of the people and for the people with absolute 2/3rd majority and selected one member takes the oath in front of Governor before wearing the crown as Prime Minister for the entire Country and as Chief Minister for the State. Prime Minister is the Supreme Commander/Prime Minister/ King/Queen of the Country and Chief Minister is the Supreme Commander/Chief Minister/King/Queen of the State. Central Governments and State Governments for execution as per Constitution and Law Supreme King/Queen appoint Bureaucrats in Administration, Finance and for Judicial Sectors appoints Chief Justice/Justices, Judicial Magistrate etc. with number of advocates which formed Law Board. All Bureaucrats are Public Servants who should take care of all peoples. But in this State all bureaucrats are servants of Supreme Commander of the Government because their Service, Salary, Promotion etc. are decided by the Supreme Commander. They receive Appeal/Complaint from the peoples and forward immediately to the concerned

Evolution of Human Beings and Society

Department and when Peoples want to meet again to know the outcome of the Appeal/Complaint which remain pending for years together are not permitted to meet. Reason Supreme King/Queen keeps them busy for accomplishment of King/Queen's instructions. Judicial Sector's Law Board under control of the present Queen performing injustices to the Victims as per Author's look-out.

17 pages script- **ALL POLITICAL PARTIES WHOM SO EVER IT MAY CONCERN 10TH EDITION-OCTOBER 2018 "EVOLUTION OF HUMAN BEINGS AND SOCIETY"**

From the above mentioned Book and reproducing public opinion about your advertisement, publicity of your international fame as '**Bishay Kanya**' putting your Image in every placard at gali, Park, road, building wall and across the State same as **BSP Queen of UP State** earlier years back. As per Forbs' Magazine she had achieved 200 billion rupees assets and properties in her possession. When public noticed your Image in **Blood donation Placard** they sympathised and saying that the Queen must be suffering from thalasamia. Queen is absolute honest but public opinion says her related MP has established one Self Enterprise Company registered possibly under KMC Act 1876 established by British Regime, Parallel Government with State Government which is extreme powerful corrupted Government for financing State Government. As per public opinion presently the related MP's Company made an arrangement

with all the State Government Establishments-Administrative, Financial and Judicial Sectors completely under control of present Queen. Present Queen's slogan "**Maa, Mati and Manush**" is vague slogan; it should be **Maa, Mati and Manush for 20% Burgeon people and 20% APL Categories of people. 60% BPL** categories of people have become worst victims in this State. Central Government should appeal to Chief Justice to abolish **Kolkata Municipal Corporation Act** with immediate effect to remove corruption from this State Capital. Author of the captioned Book has become below poverty level as per Certificate issued by Councilor of KMC, ward No.106 and Electronically I.T. Return. As per knowledge and observation of **‘SB’ (Sukumar Banerjee)**, speaker of the Captioned Book, which clarified that British Ruler, had handed over the dynasty of our country to their pets dividing into two parts as India and Pakistan. Very cunningly, the British Ruler had handed over the reign of our country India to one of their pet Indian family

members. But well before at the time of discussion and negotiation, **Father of the undivided nation, Babu Mahatma Gandhi** objected saying that the **Netaji Subhash Chandra Bose** is the first national leader who should take over the reign of this country.

While handing over the reign of this country to their pet Indian family member the British Ruler advised not to change the British law and 'Divide and Rule Policy' keeping alive all the religious fundamentalism, casteism, tribal backward class, etc. to keep the dynasty under own and/or successors' control forever. Likewise fourth generation of that British Indian family member is ruling the country. As per **SB'S** learning from "**India Wins Freedom**" of **Moulana Abdul Kalam Azad** written in Urdu and translated in English by **Humayun Kabir, writer, educationist, philosopher and politician**. As per peoples' look out while reading the biography's one script especially on the British Indian family member did not include in the Biography, which is very much mysterious. As per peoples' knowledge during publication period the said British Indian family member has destroyed that particular script when he came to know about the script which had been written especially for him.

Now Author would like to draw your kind attention to the West Bengal judiciary anarchism, which is in detailed given in the captioned Book in judicial chapter. All advocates and all staffs will take cash in advance without any receipt if asked

for receipt they will say advocates here never give any receipt. Next if general people ask for judicial stamps/stamp papers in any denomination vender will say not available and if we are prepared to give extra charge, vender will take almost double and even if we go to any advocate from their advocate quota, they will also charge one and half time or double. Next any criminal case State Vs Respondent PP will submit his/her written statement in favour of Respondent on receipt of huge cash from the Respondent then will take transfer to some other department. And that written statement judge will keep pending without passing any order and without giving any next hearing date. All general **60% people** are tortured like no body's business. **SB** is also one of the victims even after fulfilling all advocates' extortionate charges. All people crazy to become millionaire/ billionaire by all unfair means and by which entire Bureaucratic systems have become corrupt through 99% self-centered power crazy political leaders. Now **SB** is enclosing herewith the copies of following letters for your kind perusal for amending all British Acts for the benefit of **40% burgeon people**. **Very recently Your Honour has passed one judgment order against Muslim Divorce whereby saying talaq, talaq, talaq is not legal as per Indian Constitution of secular and democratic country. the beloved child. Mother of the child is living with her own parent and instigating for talaq. The Judgment Order required to be amended for benefit of child's father to meet the beloved child full one day in very week so that the beloved child could not be seized.

SB's humble prayer to you to be kind enough to give justice to the **60% BPL categories of people** and to take severe action against the anarchism of West Bengal Judiciaries/ Advocates Section and required amendment of all British Acts including West Bengal Human Rights Act and **Kolkata Municipal Corporation Act, 1876 most corrupted Organisation**, you will find detailed analysis in the captioned Book 2nd chapter of SB's experience.

**SUB: REVISED FIFTH EDITION OF THE BOOK -
“EVOLUTION OF HUMAN BEINGS AND SOCIETY”**

Sir,

The above-mentioned Book, which is now further, revised incorporating few sample letters and one foreword of **Maa Mother Mahasweta Devi**, recipient of **Jnanpith and Raman megasayasa award**, which has been affixed with **PREFACE**.

SB has written this letter to your honour enclosing herewith the above-mentioned **Books** for controlling extortionate tendency to accumulate unaccounted source of money from people who are senior citizens and are living with piteous condition in the society. High profile dignitaries in national label retired are joining in senior citizens forum for catching poor senior citizens to accumulate unaccounted source of income. **SB** is one of the victim who had registered his case against his brothers for not allowing him for construction in the undivided land with the above mentioned firm onby paying Rs..... after 10% discount of their normal charges being a life member of IARP also a life member. And also on.....**SB** paid Rs.5000/-for first counseling without any result. When **SB** has asked for the report of his attendant brothers' sayings, which should have

Evolution of Human Beings and Society

been recorded in the separate counseling room, but **SB** came back without any report. **SB** is living with his own mere savings and for all the various legal expenses he is managing from sanctioned O.D. from unutilized balances with various banks. With the interest presently, he is in debt of about Rs.12.000/- .Additional two percentage of interest has become unbearable and he did close the O.D. Account with Axis Bank, Golpark, liquidating his fixed deposit with the bank. One day **SB** requested to his IARP Vice President, Srifor little help to request Justice Sri.....for solution of his pending case in Alipore Police Court so that **SB** can arrange one permanent office in his constructed building for senior citizens. More than one month on his return from abroad **SB** got an appointment to meet him. Finally your honour has transferred his case to Sri.....firm's panel senior advocate,....., Behala, Kolkata directing him to carry cash of Rs.2000/-. For appearing on hearing date ofbut since it is state case his appearing will not be allowed and ultimately two cases are again registered with Sri.....on.....by paying Rs..... second case for Sri....,Sole proprietor of M/s, who had cheated **SB** with total amount of Rs.....approximately. After number of visits having number of petitions draft, **SB** could get one final draft petition on dated..... to be filed in Chandan Nagar, copy attached, and the said draft if submit to the Court whose fate will be as his existing case which is running 5

years without even charge hearing. Ultimately **SB** could file this cheating case through some other Advocate in Alipore jurisdiction to additional Judicial Magistrate Court by paying only Rs.....on....., and FIR has also been lodged in Kolkata Police Station during **SB** would like to mention one incident happened in the office of Sri, where one M.A. LLB, Advocateearlier working in a private company could not continue in the job later on obtained advocate practice license managing practice consulting senior advocate for preparing final petition. Unfortunately, he was of **SB's** elder brother's advocate and later on advocating for **SB**. On his advice, **SB** decided to file a suit against his brother and paid him Rs..... as advance, purchased one new Mobile for his wife's name, given my P.C. for his learning and every day **SB** used to come to teach him computer. The said advocate gave him dictation for preparing petition but on receipt of threatening call from **SB's** elder brother that he is a political leader and can spoil any body's life. Then he did not submit the petition. He never put his present on hearing day of any case, which he manages by some other advocate. One day **SB** saw him sitting in the office for Mr.immediately **SB** took permission from Mr..... and left the office. Some other day when Mr. came back from Hospital after operation **SB** met him and showed him the petition to Honourable Bar Council against Srifor refund of excess of Rs.....submitted

Evolution of Human Beings and Society

on..... However, there also, he applied his influence and **SB's** petition never placed on Board until date. This person started sabotaging **SB's** case by giving all wrong information of his family matters to the opponent party's advocate for submitting an application to the Court to include in the Case File making **SB's** character assassination under section 239. Copy of this application and **SB's** complaint to Honourable Bar Council against Sri.....shown to.....Sri..... and when he requested for some help to take action against said advocate, Sri.....told "he is his advocate cast" and he cannot help to take any action. And next after few days he told that "generally for filling petition he takes rupees ten to fifteen thousand and for hearing he has taken rupees five thousand". Sri.....also a senior citizen but difference he is sick of accumulating money at this old age where **SB** is unfit to be entered in that office any more. Now he would request your honour to be kind enough to arrange punishment to the accused advocate, Sri..... and help to get refund of the money through Honourable Bar Council. While passing through one Police Station undersigned has noticed, one judgment beautifully framed on the wall of that police station that your honour being Supreme Court Judge has established Human Right Act for West Bengal. When **SB** wanted to submit my complaint against above- mentioned cheater for FIR I was told by one S.I. that he cannot force any criminal/cheater and cannot take any action under Human Right Act

S Bhattacharya

without court order. But that cheater has told that his associated parties are paying Rs.....every month. **SB** is totally filling unsecured life in this present state of affairs developed after independence in this state.

SB prayed to your good self to be kind enough to enable him to construct the **Bridhyasram (Old-Age-Home)** on the undivided land out of the Court Jurisdiction.

Yours truly,

“Now Karma Yogi, SB who is living alone deserted by all his relatives is moving in courts finding no alternative and thinking how to start ‘Bridhyashram’ for rendering ‘Seva’ to helpless senior citizens who are fast growing condemned ‘APARTHEIDS’ in the society. God may shower His blessings on SB, so that he may continue in his struggle against injustice meted out to him in various quarters and go ahead with plan of setting up an old-age-home for the condemned ‘APARTHEIDS’ who crossed golden age.”
